

**Undergraduate Program Review  
English  
2003-2004**

**I. Strengths:**

1. Many courses were added to attract students and increase enrollment.
2. The department has plenty of faculty - 18 faculty - 14 full-time, 7 tenure-track or tenured.

**II. Weaknesses:**

1. The degree plan for teacher certification needs to be updated. Standards and certification guidelines should be noted. There is no teacher certification in English indicated.
2. Have courses on the teacher certification plan aligned with TExES. There were no indications in any syllabi.
3. Funds needed for travel and academic growth.

**III. Recommendations:**

1. Work to obtain outside funding sources.
2. Update degree plans.
3. Align and show TExES competencies in syllabi.
