Undergraduate Program Review for Civil Engineering
2010 Recommendations

The Civil Engineering department is petitioning to waive the program review due to accreditation by ABET. Therefore, the department has submitted the review used in the accreditation and a matrix that defines how the review fits the UPR criteria.

We have carefully looked over the matrix and the ABET review and find that the Civil Engineering program is in complete fulfillment of the UPR criteria. What follows is an outline of the UPR criteria and corresponding ABET review elements.

I. Overview
   1. Background
   2. Criterion 1: students
      * FTE was used instead of SCH
   3. Section F1
      * The previous UPR was waived

II. Planning and Evaluation Process
   1-4. Criterion 2

III. Curriculum
   1-3. Criterion 5 and Criterion 9

IV. Undergraduate Instruction
   1-2. Appendix A

V. Advising of Undergraduate Students
   1. Criterion 6, page 103

VI. Assessment of Student Performance and Outcomes
   1-2. Criterion 3
   3-4. Criterion 4

VII. Faculty Profile
   1. Criterion 6
   2. Criteria 6 & 8
   3. Criterion 6
   4. NA
   5. Criterion 6

VIII. Departmental Resources
   1. Criterion 8
   2. Criteria 7 & 8
   3. Criterion 8

IX. Program Review Findings

Overall Recommendation: Unconditional Continuation

We also recommend that the Civil Engineering department be allowed to waive the TAMUK UPR.

Therefore, the ABET draft statement provides the elements required by the UPR in this section.
