Entrance Examination Credit—Transfer Students

Credit by examination secured through another college or university must be clearly indicated on the official transcript from that institution for credit to be accepted by Texas A&M-Kingsville.

Credit by Local Examination (Departmental)

Local examinations are available to students for organized class courses not designated for credit by the College Level Examination Program (CLEP). The student should contact the department in which the course is offered for information about the examinations. Eligibility will be determined by the department and will be dependent on a student's particular qualifications due to study or work experience. The department will also determine whether or not the student's performance on the local examination merits university credit and whether any further requirements for credit are to be met. Students may not receive credit by local examination in a subject in which they have already received a grade in the same course or in a more advanced course. There is **no** fee charged for these examinations.
