MASTER OF EDUCATION IN ADULT EDUCATION

This handbook reflects several policies that directly impact students enrolled in the Adult Education program at Texas A&M University-Kingsville. The purpose of this handbook is to provide students with information concerning the nature and progression of the program. Changes to the handbook may occur at any time at the discretion of the program administration. The current version is posted on the website. As a general rule, these policies will be uniformly applied. However, the faculty recognizes that from time to time exceptional circumstances may arise that necessitate an exception. In such cases, the core faculty reserves the right to review the matter and make a final determination.

The Master of Education in Adult Education Program is designed to serve the professional staff development needs of adult educators pursuing career advancement and new career opportunities. Candidates for the master’s degree need not have a background in education to be admitted to this graduate program.

Students who participate in this unique program typically come from diverse institutional settings. Participants can include professionals from recreational, occupational and vocational training; correctional employees; adult literacy educators; county extension staff; health educators; community service leaders; staff and faculty in higher education; and supervisors and consultants from government, business and the military.

The Adult Education master’s degree prepares the practitioner, tutor, and supervisor/administrator to play a significant role in the promotion of life-long learning through the use of a variety of technologies. Successful completion of the program will prepare graduates to work with the unique problems and learning styles of adult learners.

PROGRAM INFORMATION

Adult Education Program Policy

The student is responsible for knowing and meeting all university policy and deadlines and initiating the completion of any required items. The following policies apply to all students:

Degree Plans

The student must file a signed initial degree plan with the College of Graduate Studies, through the graduate coordinator/adviser, on or before or during the second semester of graduate course work. A hold will be placed on students who do not submit their initial degree plans to the College of Graduate Studies. A final degree plan must be submitted to the graduate coordinator for review and signature when the student files for candidacy and a copy of the signed final degree plan with any revisions must also be forwarded to the graduate dean at the time of candidacy.

Attendance

A vital part of each student’s education is regular attendance at all class events. Every faculty member will keep a current attendance record on all students. Frequent absences tend to lower the quality of a student’s work in a course, and frequent or persistent absences may preclude a passing grade or cause a student to be dropped from one or more courses upon the request of a faculty member. As the Adult Education program is a fully online program, examples of absences include not completing any course event by the deadline and not logging into the class for five consecutive days.

The administration of the Adult Education Program defines certain types of absences as "official" or "excused" absences. These are absences due to confining illness, serious illness or death in the family, and documented participation in an officially approved
class activity. Students wishing to be excused for any other reason must obtain the approval of each instructor concerned. These should be kept to a minimum. A student will not be penalized for official or excused absences provided the work missed is made up in a manner satisfactory to the faculty member. In the case of unexcused absences, the faculty member concerned will determine whether or not the student will be permitted to make up the missed work. Students with excessive unexcused absences may be dropped from the course regardless of whether or not they are passing.

**Required Grades**

A minimum grade point average of 3.0 on a 4.0 scale is required to be maintained while in the program. Grades of D or F do not apply toward the graduate degree but are used to calculate grade point averages. Courses may be repeated for credit, in which case the last grade of record is the official grade.

**Scholastic Probation**

A student may be placed on scholastic probation if, at the end of either long semester or the second summer session, the student’s cumulative graduate grade point average falls below 3.0. If the probationary status is not removed during the next full semester for which the student enrolls (combined summer terms count as one full semester), the student must be reinstated before registering for further graduate work.

**Reinstatement**

The graduate student who is dismissed for any reason may request reinstatement through the Graduate Dean, who will consult with the graduate program coordinator and program adviser.
Professionalism when Communicating with Faculty

Communication between faculty and students through email, text, or phone is expected to be professional and courteous, as expected of educational leaders.

Academic Misconduct

Full-Time Status

A full-time graduate student is one registered for 9 semester credit hours in a fall or spring semester, and 6 hours in each of the two summer terms. Students wishing to register an overload, first obtain permission from the Dean of the College of Education and Human Performance.

Course Longevity

A student must complete all requirements for the Educational Administration degree, within seven consecutive years of initial registration for that degree. A master’s degree student must complete all requirements for the degree within seven years of initial registration for the degree. Graduate credits older than those stipulated are not applicable toward the graduate degree without written approval from the Graduate Dean. Further information can be found at the office of Graduate Studies website: http://www.tamuk.edu/grad/

Graduation Under a Particular Catalog

Students receive the graduate degree when they satisfy the requirements of the first or any subsequent catalog under which they earned credit for the degree, as long as that catalog is not more than seven years old.
Continuous Enrollment

Continuous enrollment consists of fall, spring semesters and summer semesters.

Graduate Readmission

Students who have been inactive in the program for two long semesters (fall and spring) must resubmit an application via www.applytexas.org.

Admittance to a Specific Program

Admittance to the College of Graduate Studies does not guarantee acceptance into the Adult Education graduate program. Standards for admittance to the program are set by the coordinator of the program. The graduate coordinator for the program must accept the student into the program. The program adviser will direct the degree plan. Students must therefore check the admission requirements to the program before they seek admission to the College of Graduate Studies.

Admission to the master’s program in Adult Education requires the following

- 2.8 undergraduate GPA
- MAT or GRE exam results with acceptable scores
- Apply Texas Application

Library Resources

As a member of the Federal Depository Library Program, the university library allows access to government documents and grants remote access to online resources for scholarly journals and publications to students, staff and faculty. Students, faculty and staff can peruse hundreds of journals in these online databases and have direct access to publications not available to most libraries in the area. The library also has set up an interlibrary loan service and all dissertations within the Texas A&M University System are all located in a database that is also available to faculty and students interested in research student research. Jernigan’s Interlibrary Loan, Document Delivery, and Distributed Library manages library services to off campus students. The library also has a unit of Library Systems that is responsible for the management of the Library's network infrastructure, online catalog, and library web site.

Students will also have access to the Education Materials Center (EMC) which contains a collection of K-12 Texas state adopted textbooks, and reference resources. The mission of the EMC is to serve as a resource center for students enrolled in education programs with the College of Education and Human Performance. EMC provides and maintains a collection of printed materials designed to enhance and complement the curriculum of the College of Education and Human Performance. In addition, the university’s Center for Distance Learning and Continuing Education extends the academic services of the university through the use of a variety of technologies and off campus instruction and community outreach.

In sum, Jernigan Library makes available to all students its major research and scholarly journals, archives and services. Jernigan has a history of providing services and materials to on and off-campus students, faculty, and staff through the E Reserve, Online journals and databases, online reference materials, and interlibrary loan services.
ADED PROGRAM ASSESSMENTS

Course Assessments

Each course has course and student learning outcomes and assessments of those outcomes.

Comprehensive Examinations

Comprehensive examinations are administered to ascertain whether the student is sufficiently prepared in professional knowledge, inquiry, and mastery of personal leadership skills. Comprehensive examinations will be scheduled and administered to students after they have completed all course work in the program, excluding courses in the final semester of study.

The Written Comprehensive Examination

The written phase of the examination consists of essay questions submitted by faculty members and generally covers any course information ascertained in the Adult Education program while the student was enrolled, specifically in the core areas of study. Specific guidelines for the completion of the comprehensive examination questions are defined on each examination disseminated to the student. The examination will be sent via email to the student during the first six weeks of the graduating semester. Completion time is 10 days from the day the examination was sent to the student. Upon completion of the written examination, student will return completed examination to the Program Coordinator's specified email address no later than the date due. If the exam is not returned by the deadline, this will result in failure of the comprehensive exams and students will be required to take the exam again during the following semester. Students will be notified of the exam dates in advance and there will be no extensions given except those determined as “emergency” by the program administration before the exams are
administered. Strict adherences to those guidelines is the sole responsibility of the Adult Education student completing the examination.

Papers received from students are marked as “Pass” or “Fail.” Grading of the comprehensive examination will be the responsibility of the Program Coordinator. Failing grades may be accompanied by recommendations for additional course work, outside reading, or field experience prior to retaking the examination. This decision is made by the Program Coordinator. This policy is effective as of August 2013.

**Retaking the Comprehensive Examination**

In the event of failure on any part of the written examination, the program coordinator may require a professional growth plan, which may include additional course work, a research paper, additional face to face meetings with faculty, or other plans to remediate area(s) of concern before repeating the examination. **The student may retake the comprehensive examination, in part, one time in writing within a minimum of one week and up to no more than six months from the time of first failure.** The portion to be retaken will be sent to the student's email and the completed retake must be returned via email to the Program Coordinator's specified email address by the deadline specified by the Program Coordinator. **If after three attempts, student fails the retaken portion(s) of the examination, student will be removed from the program at such time.**

In the event of failure of all parts of the written examination, the student will be required to retake the comprehensive exam during the next semester.

If a student does not return the comprehensive exam by the deadline, this results in failure of the comprehensive exam and the student will be required to retake the comprehensive exam during the next semester.

Academic misconduct (See Student Handbook):

You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct.

Students who engage in academic misconduct are subject to university disciplinary procedures. Forms of academic dishonesty:

1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
2. Academic misconduct: tampering with grades or taking part in obtaining or distribution any part of a scheduled test.
3. Fabrication: use of invented information or falsified research.
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism.
Nonacademic misconduct (See Student Handbook):

The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor’s ability to conduct class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. The Dean of Students under nonacademic procedures will adjudicate such incidents.

Sexual misconduct (See Student Handbook):

Sexual harassment of students and employees at Texas A&M University-Kingsville is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action.

Plagiarism:

Plagiarism is defined as “a piece of writing that has been copied from someone else and is presented as being your own work” [1] and by the Honor Council as "the act of passing off as one's own the ideas or writings of another." In the Appendix to the Honor Council called "Acknowledging the Work of Others", three simple conventions are presented for when you must provide a reference [2]:

1. If you use someone else's ideas, you should cite the source.
2. If the way in which you are using the source is unclear, make it clear.
3. If you received specific help from someone in writing the paper, acknowledge it.

The Laws of Plagiarism [3]

a) Copyright law
b) Trademark and unfair competition law
c) Fraud
d) Status about sale of term papers, etc.

Types of Plagiarism

- Complete Plagiarism: This is the most obvious case: a student submits, as his or her own work, an essay that has been written by someone else.
- Near-complete Plagiarism: A student may also lift portions of another text and use them in his or her own work
- Patchwork Plagiarism: In many cases, a student will lift ideas, phrases, sentences, and paragraphs from a variety of sources and "stitch" them together into an essay.
- Lazy Plagiarism: Inadvertent use of another’s language, usually when the student fails to distinguish between direct quotes and general observations when taking notes.
• Self-Plagiarism: The use of an essay written for one course to satisfy the requirements of another course is plagiarism. Students should not use, adapt, or update an essay written for another purpose [4].

AVOIDING PLAGIARISM

To avoid plagiarism, all students must document sources properly using Footnotes, Endnotes, or Parenthetical References, and must write a Bibliography, References, or Works Cited page and place it at the end of the research paper to list the sources used. Of the three ways to document sources - Footnotes, Endnotes, and Parenthetical References, the simplest is using Parenthetical References, sometimes referred to as Parenthetical Documentation or Parenthetical Citations [5].
