Welcome from the Student Government Association

Dear Fellow Javelina,

Welcome to Javelina Nation! I am so glad you chose to attend Texas A&M University-Kingsville. It is an absolute honor to be able to welcome you, either as a returning student or as one of the newest members to our family. As the Student Body President, it is my personal goal to ensure you make endless memories and enjoy your time at this beautiful campus.

The Student Government Association’s purpose is to serve as the main governing body for the students. Our Constitution states that “[SGA] identifies and represents student interests, promotes student participation in the overall policy and decision-making processes of the University, enhances the quality and scope of education at the University, and promotes the general welfare of the student body.” SGA works closely with students, faculty and administrators in addressing concerns and issues as well as realizing ideas that students may have. Always know that we value your opinions, experiences, and insight here in our community. Make no mistake, there is always room for improvement.

The Student Government Association models the U.S. government system structure with three branches: Executive, Legislative, and Judicial. Regardless of the sphere of focus, in each one of these branches you will find yourself surrounded by students with the common goal of improving our campus. The members of SGA work towards enhancing our university by understanding and sharing current students’ needs, maintaining and developing solutions, and planning future goals and projects that may affect the campus life experience of those that follow in our footsteps.

I encourage you to stay active within our campus. We have over 140 student organizations ranging from SGA, Fraternity and Sorority life, Campus Activities Board, honor societies, interest organizations, and much more! In each one of these organizations you will also find bright young Javelina students whose futures are now intertwined with yours. Also, another key to your success in college will be the relationships you build with faculty, staff, advisors, and administrators. Our university administration is a great team that is beyond welcoming and always up for a conversation; you may be surprised when they hug you and call you by name next time they see you.

I am very optimistic to this school year and the amazing initiatives our student body representatives will be collaborating on. If you have any questions, concerns, comments, or interested in making a change, please contact us at (361) 593-3610 or write to our email at sga@tamuk.edu. Feel free to visit our office in MSUB 201 located on the second floor of the MSUB above the postal office. Once again, welcome to Javelina Nation, a family and community full of opportunities.

History and Traditions

Quick Facts:
University Founded: 1925
President: Dr. Steven H. Tallant
Mascot: Javelina
Colors: Blue and Gold
The Logo
The logo projects Texas A&M University-Kingsville’s affiliation with the Texas A&M University System. The official three-color version also celebrates the school colors of blue and gold, the landmark College Hall tower and the university’s roots in Kingsville. Input from all of the university’s constituents was highly important to the logo’s development and final adoption in January 1994.

The University Ring
At the very core of Texas A&M University-Kingsville’s shared values is an intangible link between the past, present and future. The official university ring is a major part of the university’s tradition. The ring is custom crafted. It carries the university’s symbols and other features that capture the school’s experience. Over the years, the university has changed and a seamless gold circle holds together the many people who have changed it. After all, tradition isn’t just about what each student received from the university; it’s about the legacy that its graduates leave behind. Students are eligible to receive their rings when they have completed 75 hours of university credit, at least 30 of which must be completed at Texas A&M University-Kingsville. The president, at a formal ceremony, presents university rings each semester. Students unable to attend the ceremony may receive their ring after completion of the ceremony. At commencement, students will rotate the ring from facing inward, to facing outward, showing the world they are proud Javelinas!

The Tower Chimes
The chimes in the College Hall tower began playing during the inauguration of Mr. Marc Cisneros, our 15th president. The chimes reflect our rich cultural heritage with the inclusion of our alma mater, the Javelina Fight Song and Jalisco. In addition, the clock strikes “Westminster” chimes on the hour and every quarter hour. The alma mater is played following the striking of the clock at noon. It is hoped that the rich tones of the chimes will forever be a reminder of what it felt to walk on our beautiful campus and feel the “Javelina Pride.”

Alma Mater
Hail AMK! We pledge anew
Aims that are high,
Devotion deep and true.
And though we may part,
And though we’re far away,
Still loyal each heart
To AMK.

Jalisco
Ay! Jalisco, Jalisco tu tienes tu novia que es Guadalajara.
Muchacha, bonita, la perla más rara de todo Jalisco es mi Guadalajara.
A mí me gusta escuchar los mariachis cantar con el alma sus lindas canciones.
Oír como suenan esos guitarrones y echarme un tequila con los valentones.
Ay! Jalisco no te rajes. Me sale del alma gritar con calor,
Abrir todo el pecho pa’ echar este grito. Qué lindo es Jalisco palabra de honor.

Fight Song
Fight, fight for ole AMK!
Hail that grand ole name
Fight, fight, no one can deny
We’re out to win this game.
So never stop
’Till the last gun is fired
And the score it told.
Sock their kabinas, you Javelinas
Blue and Gold.
(Eight count lyric rest)
Go you Javelinas,
Fight for AMK!
( Eight count lyric rest)
Go you Javelinas,
Fight for AMK!
( Eight count lyric rest)
Bust their old machines
Right between the eyes
Hit ’em high, hit ’em low
Give ’em everything you’ve got
Rah, rah, rah, rah, rah, rah
Yea team! Yea team!

Satisfactory Academic Progress Policy
To receive funds administered by the Office of Student Financial Aid (OSFA) at Texas A&M University-Kingsville (TAMUK), students must be making measurable academic progress toward completion of an eligible degree program. Accordingly, the following Satisfactory Academic Progress (SAP) Policy for students who receive financial aid is in place. These standards require that a student make academic progress during all periods of enrollment, including periods when a student did not receive financial aid. TAMUK will be consistent in applying the SAP policies to full & part time, independent and dependent students. Students enrolling at TAMUK for the first time (including transfers) are initially considered to be meeting SAP. The measurement of academic progress will be made at the conclusion of the first enrollment term and will include all acceptable transfer credits that the TAMUK academic record contains. STUDENTS WILL BE NOTIFIED BY EMAIL, OF THEIR SAP STATUS, AT THE END OF EACH SEMESTER.

For more detailed information on the institutional SAP policy see: http://www.tamuk.edu/finaid/sap.html

Return of Title IV Funds
In accordance with the federal code of regulations 34 CFR 668.22, when a federal financial aid recipient withdraws from all classes (officially or unofficially, as defined by regulations) during a term, the institution must determine the withdrawal date and use a federally
mandated calculation to determine the amount of grant and/or loan assistance that the student earned. If a student received less assistance than what was earned, s/he may qualify for those funds. If the student received more assistance than earned, the unearned "excess" funds must be returned by the school and/or aid recipient to the appropriate federal aid program.

For more information on the Withdrawal process and the Refund of Tuition and Fees as a result of dropping and/or withdrawing from the institution, please go to: http://www.tamuk.edu/registrar/withdrawal.html

Note: The Return of Title IV Funds (R2T4) calculation is different from the institution's tuition and fee refund calculations.

Enrollment Audit
Your financial assistance is calculated using a full-time enrollment status (Undergraduate Student: 12 hours per term; Graduate Student: 9 hours per term). However, if you register for less than full-time status it is necessary for you to submit a Cost of Attendance Adjustment Form to the OSFA. The form is available online at: http://www.tamuk.edu/finaid/onlineforms. The form is due by August 1st for Fall Terms and December 1st for Spring Terms. The OSFA is required to conduct an enrollment audit each term of all students receiving financial aid. Therefore, if your enrollment status is less than full-time at the conclusion of the 12th class day your award(s) will be adjusted accordingly. In the event that your aid is reduced or cancelled after the 12th class day, a debt to the institution may result. You can verify this by occasionally logging on to our Blue and Gold Connection and reviewing your student account balance.

Javelina Honor Code
Section 4: Javelina Honor Code

Texas A&M University-Kingsville is deeply committed to the development of its students and the promotion of personal integrity and self-responsibility in the campus culture. This university recognizes students as adults pursuing an education. Students are subject to the expectation of satisfactory academic performance and social behavior consistent with the lawful and educational purpose of the university. Because honor and integrity are integral to the education process, promoting and protecting academic integrity is the responsibility of every member of the campus community. All students are expected to abide by the Javelina Honor Code.

Violations of the Javelina Honor Code will be handled as academic misconduct under the Student Code of Conduct as delineated in the following section.

Principle

Academic integrity is a commitment, even in the face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these values flow the principles of behavior that enable academic communities to translate ideal into action.

- **Honesty**—TAMUK students adhere to a code of moral or artistic values; their uprightness of character or action implies a refusal to lie, steal, or deceive in any way.
- **Trust**—TAMUK students are of high moral character; their confidence lies in their strength and ability to always tell the truth.
- **Fairness**—TAMUK students are marked by impartiality and honesty; they are free from self-interest, prejudice, or favoritism and conform to University established rules.
- **Respect**—TAMUK students are considered worthy and in high regard.
- **Responsibility**—TAMUK students are able to answer for one's conduct and obligations.

Purpose

The purpose of the Honor Code at Texas A&M University-Kingsville is to create and maintain an environment in which academic integrity, and the resulting behavior, can flourish. The importance of honesty, trust, fairness, respect, and responsibility are clearly articulated in the Honor Code to affirm these values as a defining part of the Texas A&M University-Kingsville campus culture.

Javelina Honor Pledge

As a student of Texas A&M University-Kingsville,

I pledge to conduct myself honorably and to uphold high standards in all academic work, and to adhere to all of the values set forth in the Javelina Honor Code.
Student Code of Conduct
Section 5: Student Code of Conduct

Texas A&M University-Kingsville is deeply committed to the development of the student and promotion of personal integrity and self-responsibility. The university recognizes the student as an adult pursuing an education. By enrolling at Texas A&M University-Kingsville, students become citizens of the community and are entitled to enjoy the privileges and assume the responsibilities and obligations associated with this affiliation. Just as a student does not lose citizenship rights upon enrolling at a university, the student also does not become immune to society’s obligations and laws or to the responsibilities of daily living in a broader society. In general, the behavioral norms expected of a university student are those of common decency and decorum, recognition of and non-infringement upon the rights and property of others and of the university, honesty in academic work and all other activities and observance of local, state and federal laws.

5.1 Administration of Student Code of Conduct

Authority for administering the disciplinary system is delegated by the President of the university to the Senior Vice President for Student Affairs, Enrollment Management and University Administration and the Assistant Vice President of Student Affairs/Dean of Students. To promote fairness and consistency, the Office of the Dean of Students coordinates all disciplinary activities. The Office of the Dean of Students will determine which hearing officer, conduct board or appellate board will be authorized to hear each matter. All academic and nonacademic disciplinary sanctions imposed campus-wide will be reported to the Office of the Dean of Students for record-keeping purposes.

Students are expected to comply with all federal, state and local laws; Disciplinary procedures may be instituted against a student charged with conduct that potentially violates both the criminal law and this code without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. The principle also extends to conduct off campus, which is likely to have an adverse effect on the university or the educational process. Proceedings under this code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the Dean of Students. Determinations made or sanctions imposed under this student code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of University rules were dismissed, reduced or resolved in favor of or against the criminal law defendant.

The procedures outlined in the Student Code of Conduct are intended to inform the involved parties of university procedures and aid the hearing officer, investigating authority or disciplinary body in its efforts to ascertain the facts of a matter and reach a just decision. Circumstances can differ greatly in each case and the presiding hearing officer or chair may need to modify procedures or rule on procedural matters in order to reach a just decision.

5.2 Student Responsibility

When students enter a university, they bring upon themselves certain responsibilities and obligations, including satisfactory academic performance and social behavior consistent with the educational purposes of the university. Student conduct, therefore, is not considered in isolation within the university community but as an integral part of the educational process. All students are expected to know and abide by the Student Code of Conduct. The university will hold each student responsible for compliance with these published policies. Each student is expected to be fully acquainted with all published university rules and procedures, copies of which are available to each student for review in the Dean of Students Office. The official Texas A&M University-Kingsville Student Code of Conduct is located at http://www.tamuk.edu/dean/dean_files/studenthandbook.pdf. (For the most current updates, see the website.)

For cases involving resolution of sexual misconduct investigations, the Sexual Misconduct Hearing Board will conduct a review hearing with the investigator(s), the complainant and respondent. Consult the handbook for the specific hearing procedures.

f. Hearing Officer is a university official who is authorized on a case-by-case basis by the Dean of Students (for nonacademic violations) or the Dean of the College (for academic violations) to hear a case and impose sanctions upon any student(s) found to have violated the Student Code. It may include but is not limited to an administrator, faculty member, staff member, graduate assistant or residence hall professional staff member, etc.

g. Informal resolution hearing: a meeting with a university official to discuss a disciplinary matter. The student is informed of the charges, due process rights, evidence available, an opportunity to respond to the charges and if applicable, selection of the method of disposition of the case.

h. Notice/notification means correspondence sent by mail, addressed to the addressee at the local address as shown on university records or personally delivered to the addressee. It may include verbal notification or confirmed receipt of electronic mail.

i. Preponderance of evidence is the standard used to determine the merits of the allegation(s); i.e., more likely than not.

j. Recognized Student Organization: Any number of students who have complied with the formal requirements for university recognition and are therefore eligible to use the university facilities and apply for Student Service Fee Organization funding.

k. Non-recognized student organization – a student group that has not completed the formal requirements for recognition under Student Activities guidelines.

l. Student includes anyone taking courses at or from the university, both full- and part-time, and between terms. It also includes student organizations. Persons who withdraw after allegedly violating the Student Code, who are not officially enrolled for a particular term but who have a continuing relationship with the university, or who have been notified of their acceptance for admission are considered “students” as are persons who are living in University housing, although not enrolled in this institution. This also includes individuals who have been awarded a degree and later found to have obtained it through fraud, misrepresentation or other violation of University standards. The Student Code of Conduct applies to all locations of the University, including the Citrus Center in Weslaco, Pleasanton and other off campus locations where classes are taught. Students involved in study abroad are also subject to this code and the Study Abroad Student Code of Conduct for Texas A&M University-Kingsville International Studies Programs.

m. University means Texas A&M University-Kingsville, the Weslaco Citrus Center, and other off campus locations where classes are taught.

n. University premises includes all land, buildings, facilities and other property in the possession of or owned, used, or controlled by the university (i.e., such as during university sanctioned events off campus).

o. Will/Shall are used in the imperative.

5.4 Communication Pertaining to the Student Code of Conduct
Written notice of charges may be presented in person, via e-mail, or by mail to the respondent’s local address on file with the university. Notification of results will be made verbally, via electronic mail or via physical mail.

Failure to read electronic mail shall not invalidate notice of charges or notification of disciplinary action results. It is the student’s responsibility to regularly check their university provided e-mail account.

5.5 Student Amnesty
5.5.1 Medical Assistance/Treatment:
Texas A&M University-Kingsville recognizes that in an alcohol or other drug-related emergency, the potential for disciplinary action by the University may act as a barrier to students seeking medical assistance for themselves, other students or guests; therefore, the University has a Medical Amnesty protocol as part of our Student Code of Conduct process. The University’s main concern is the well-being, health, and safety of its students. Medical Amnesty represents the University’s commitment to increasing the likelihood that community members will call for medical assistance when faced with an alcohol or other drug-related emergency. Medical Amnesty also promotes education for individuals who receive emergency medical attention related to their own use of alcohol or other drugs in order to reduce the likelihood of future occurrences.

5.5.2 Sexual Harassment/Misconduct:
The University recognizes that students who have been drinking and/or using drugs at the time of an act of sexual harassment and/or sexual misconduct occurs, may be hesitant to report such incidents due to fear of potential consequences of their own conduct. The University strongly encourages students to report incidents of sexual violence harassment, sexual assault, dating violence, or stalking to campus officials. A bystander reporting in good faith or a complainant reporting sexual violence harassment, sexual assault, dating
violence, or stalking to University officials or law enforcement will not be subject to disciplinary action for violations of the institution’s code of conduct policies, including alcohol and/or drug use violations, occurring at or near the time of the sexual misconduct.

5.5.3 Amnesty Protocol – Educational Follow up:
An individual who calls for emergency assistance on behalf of a person experiencing sexual misconduct or any alcohol or other drug-related emergency will not face formal disciplinary action by the University for the possession or use of alcohol or other drugs. The individuals making the report may be asked to complete appropriate educational program(s). The recipient of medical attention will also avoid formal disciplinary action by the University for the possession or use of alcohol or other drugs if she/he agrees to participate in, and complete, the recommended educational programs. If an individual is documented or receives emergency medical assistance on more than one occasion due to excessive use of alcohol or other drugs, the situation will be evaluated so as to provide the student with additional resources and/or sanctions as needed or appropriate. The Amnesty protocol applies to straightforward cases of alcohol or other drug-related emergencies. The Amnesty protocol does not excuse co-occurring student code of conduct infractions or other incidents related or unrelated to the medical emergency.

5.6 Right of Due Process
A student or student organization alleged to have engaged in misconduct shall have the right of due process and appeal as delineated in this code. Students may opt to have only an informational hearing with the original hearing officer and waive their rights to a formal hearing with the University Disciplinary Committee or other hearing officer/board. Except in the case of the immediate interim suspension of a student for exigent circumstances and adjudication of Sexual Misconduct Policy allegations which are detailed in a separate section of this handbook, these rights include:

a. A written copy of the charge(s). Notification must be at least three business days before any hearing may proceed.
b. A fair and impartial hearing.
c. Reasonable access to review the case file, which shall be maintained by the university official adjudicating the matter (i.e., hearing officer/College Dean /Dean of Students).
d. Present evidence and witnesses in his/her behalf.
e. Be accompanied at a hearing by an advisor of his/her choice. The advisor cannot actively participate in the hearing or ask questions of the witnesses or the hearing/investigative body. The advisor’s role is to advise the student and observe the proceedings.
f. Be present at the hearing during the presentation of any evidence or material on which the decision will be made. If the student fails to attend the scheduled hearing, the hearing will be held in the student’s absence.
g. Request an electronic recording of the hearing in advance, solely for the purpose of use by an appeal officer when making a determination on an appeal. The recording is property of the University.
h. Refuse to answer any question or to make a statement without inference of guilt. However, the hearing officer/body will make a decision on the basis of evidence available at the time of the hearing.
i. Ask questions of anyone presenting oral testimony during a hearing relating to the incident. See specific information regarding oral testimony in a hearing related to cases of sexual misconduct cases (i.e. sexual harassment, sexual assault, sexual violence cases, etc.) in a different section of this handbook.
j. Right to a written notice on the findings of the investigation and/or hearing, an explanation of the decision, any sanctions assessed, if applicable and the next level of appeal.
k. Right to appeal the decision through the appropriate panel or administrative officer within three business days of notification of the decision as stipulated in a notice of decision/sanction document.

5.7 Status of Students During Charges and/or Appeals
Pending final action on an academic or nonacademic misconduct charge or appeal of disciplinary action, the student’s status should not be altered nor should his/her right to be present on the campus or his/her privilege to attend classes be suspended except for the following: 1) when the university has imposed immediate interim suspension action; 2) when a “disciplinary hold” is placed on the student’s academic and/or financial records pending the outcome of disciplinary proceedings or to enforce a disciplinary sanction; 3) when interim measures or restrictions are taken during a Title IX investigation and/or code of conduct disciplinary process when it is determined that they are necessary and appropriate to the safety of the community, and/or to protect the integrity of the complaint/investigation process; or 4) to assist with maintaining order on campus in incidents involving serious cases of class/facility disruptions, physical alterations or threat of violence whereby student(s) involved may be restricted from certain areas or other accommodations made to minimize the opportunity for verbal/physical conflict or retaliation.
5.8 Student Records
Outcomes of all disciplinary proceedings administered under the Code of Conduct become part of the student’s educational record. Student disciplinary records are normally maintained for at least five years from the date of the student’s last enrollment date. Student disciplinary records may be retained for as long as deemed administratively valuable or permanently if the student was suspended or blocked from enrollment. Expulsion records are kept permanently.
Prohibited Conduct
Section 6: Prohibited Conduct

Each student shall be responsible for his/her conduct from the time of acceptance of admission through the actual awarding of a degree, even though the conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of enrollment (even if his/her conduct is not discovered until after a degree is awarded). The Student Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending.

Disciplinary action may be initiated by the University and sanctions imposed against any student or student organization found responsible of committing, attempting to commit, or intentionally assisting in the commission of any of the following prohibited forms of misconduct.

The following constitutes examples of infractions for which students are subject to disciplinary action. This list is not designed to be all-inclusive. Other resources of university policies are in the University Catalog, Student Organization Handbook, Residence Hall Agreement, and Residence Life Guidebook. The university reserves the right to amend its rules and to make such amendments effective immediately upon appropriate public notification of students. The most current version may be found online at the Student Handbook website: http://www.tamuk.edu/dean/dean_files/studenthandbook.pdf.

Academic Misconduct Disciplinary Procedures
Section 7: Academic Misconduct Disciplinary Procedures

In the classroom, in the laboratory, studio, seminar, practicum or other instructional setting, or activity undertaken by student(s) for academic credit (i.e. field trips, student teaching, study abroad, internships, etc.) students are expected to adhere to the highest academic standards of behavior and personal conduct. Examples of academic misconduct are listed in the Prohibited Conduct section of this handbook.

The procedures outlined in the Student Code of Conduct are intended to inform the involved parties of university procedures and aid the hearing officer, investigating authority or disciplinary body in its efforts to ascertain the facts of a matter and reach a just decision. Circumstances can differ greatly in each case and the presiding hearing officer or chair may need to modify procedures or rule on procedural matters in order to reach a just decision.

7.1 Student Academic Responsibilities

Student academic responsibilities include, but are not limited to, the following:

a. Inquire about course or degree requirements if they do not understand them or are in doubt about them.

b. Maintain the standards of academic performance established for individual courses and for programs of study.

c. Maintain academic ethics and honesty by following the University’s Honor Code and the TAMUK Student Code of Conduct.

d. Act in accordance with commonly accepted standards of academic conduct professionalism and decorum so as to not interfere with the rights of students and faculty to learn, conduct class and/or carry out their research and creative activities.

Students’ academic rights include:

a. Competent instruction for full-allotted time;

b. Sufficient assignments graded fairly and promptly to inform the student of academic standing.

7.2 Classroom Conduct Expectations

Texas A&M University-Kingsville students are expected to assume individual responsibility for maintaining a productive learning environment and conduct themselves with the highest regard for respect and consideration of others.

7.2.1 Student responsibility to contribute to positive academic environment

Students are encouraged to be familiar with their respective faculty’s expectations regarding classroom behavior, as delineated in their class syllabus and other departmental policies. Disruptive classroom behavior which interferes with the normal conduct of instructional activities, hampers the ability of instructors to teach, or students to learn, are taken seriously and addressed through the academic misconduct adjudication process.

7.2.2 Classroom Distractions

Ongoing behaviors or single behaviors considered distracting including but not limited to (e.g., coming late to class or leaving early, performing a repetitive act that is annoying, loud or prolonged side conversations, sleeping or reading a newspaper in class, etc.) can be addressed by the faculty member initially either generally or individually as part of the instructor’s classroom management efforts. 7.2.3 Classroom Disruptions

Serious disruptive behavior in a classroom, may include but is not limited to the following behaviors:

a. Making loud and distracting noises;

In the case of serious disruptive behavior in a classroom, the instructor should first request compliance from the student and if the student fails to comply, an instructor has the authority to ask the student to leave the classroom. The student is expected to comply with this request to leave the classroom and may subsequently contest this action using procedures established by the department. If the student fails to leave after being directed to do so, assistance may be obtained from other university personnel including the University Police Department. The incident shall be handled as an academic misconduct matter using established departmental procedures for academic misconduct to determine if the student should be allowed to return to the classroom and other appropriate administrative action.

In instances where the behavior is judged to be physically threatening, violent, harassing, intimidating, or otherwise dangerous, the faculty member should immediately report the matter to the University Police Department for assistance.

7.3 Initiating Academic Misconduct Charges

The dean of the respective academic college will oversee the process for handling all academic misconduct allegations occurring in his/her college. In the case of graduate students, oversight of the matter will be handled by the Dean of Graduate Studies. It is recommended that any academic discipline case be initiated at the lowest possible level. In this capacity, the dean of the college acts as a resource person for administration, faculty, staff and students to promote consistency within the college in resolving cases of academic misconduct. The dean of the college also has the responsibility for maintaining all student records related to academic misconduct with a copy of all academic misconduct findings being place on file with the Office of the Dean of Students.

In addition to the above-mentioned cases, any person may report a policy violation against any student for alleged academic misconduct violations. The report must be in writing and include the nature and date of the alleged violation, a detailed statement of the incident, name of the person allegedly responsible for the incident and the complainant’s contact information. Hostile environment- a situation in which there is harassing conduct based on a legally protected class that is severe, persistent or pervasive enough to create a work, educational or campus living environment that a reasonable person would consider intimidating or abusive. The determination of whether an environment is “hostile” must be based on all of the circumstances, which may include the frequency of the conduct, the nature and severity of the conduct, whether the conduct was physically threatening or humiliating, and the mental or emotional effect of the conduct on the individuals(s) subjected to the alleged harassment.

Interim measures and resources - In response to a report of an alleged violation of this policy, the university may impose such reasonable and appropriate interim measures, remedies, and/or resources through the assistance of the Title IX Coordinator or designee.

Investigative Authority – one or more trained individuals appointed to conduct a formal inquiry to discover and examine the facts of an allegation and conclude if, based on the preponderance of the evidence, the allegation is substantiated, unsubstantiated, or if there is insufficient information. (08.01.01)

Private – that which affects, characterizes, or belongs to an individual person, as opposed to the general public. With respect to this regulation, private means restricting information to those with a reasonable need to know. (08.01.01)

Quid pro quo sexual harassment- “this” for “that”; i.e., unwelcome sexual advances, requests for sexual favors or other verbal, nonverbal or physical conduct of a sexual nature, the submission to or rejection of which may result in an adverse educational or employment action.

Reporter – an individual who observed or was made aware of an alleged violation and who provides an initial oral or written account of an alleged violation of this regulation. (08.01.01)

Respondent – an individual who is alleged to have discriminated against another. (08.01.01)

Retaliation – no employee or student may retaliate against a person for filing a complaint or participating in an investigation under this regulation. Employees or students found to have retaliated, or intentionally provided false or materially misleading information regarding alleged discrimination under this regulation, may be disciplined, up to and including dismissal or expulsion. Prohibited conduct includes, but is not limited to:

a. Attempting to coerce, compel or prevent an individual from reporting alleged discrimination or providing testimony or relevant information;

b. Removing, destroying or altering documentation or other evidence (e.g., text messages) relevant to the investigation; or

c. Providing false or misleading information to member officials who are involved in the investigation and resolution of a complaint, or encouraging others to do so. (08.01.01)

Sexual Assault – an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting program.

Sexual Exploitation- a situation in which an individual takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited. For example, sexual exploitation could include such actions as secretly videotaping sexual activity, voyeurism, sexually-based stalking, invasion of sexual privacy,
exposing one’s genitals or causing another to expose one’s genitals, and knowingly transmitting a sexually transmitted infection to another person.

Sexual Harassment – Sexual harassment is a form of sex discrimination. Unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature constitute sexual harassment when this conduct is so severe, persistent or pervasive that it explicitly or implicitly affects an individual’s employment, unreasonably interferes with an individual’s work or educational performance, or creates an intimidating or hostile work, educational or campus living environment. Unwelcome means that an individual did not request or invite it and considers the conduct to be undesirable or offensive. Submission to the conduct or failure to complain does not always mean that the conduct was welcome. Sexual harassment may be quid pro quo (“this for that”) or may constitute a hostile environment. Sexual harassment includes non-consensual sexual contact, sexual assault, sexual exploitation, stalking, dating violence, and domestic violence when based on sex.

Stalking – engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
   a. Fear for the person’s safety or the safety of others; or
   b. Suffer substantial emotional distress.
For the purposes of this definition:
   a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
   b. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
   c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

9.2 Acts that constitute Sexual Misconduct
For purposes of this section, Sexual Misconduct refers to unwelcome sexual advances, requests for sexual favors or other verbal, nonverbal or physical conduct of a sexual nature when this conduct is so severe, persistent or pervasive that it explicitly or implicitly affects an individual’s employment, unreasonably interferes with an individual’s work or educational performance, or creates an intimidating or hostile work, educational, or campus living environment. Unwelcome means that an individual did not request or invite it and considers the conduct to be undesirable or offensive. Submission to the conduct or failure to complain does not always mean that the conduct was welcome. Sexual harassment may be quid pro quo (“this for that”) or may constitute a hostile environment. According to TAMU System Policy 08.01.01, Civil Rights Compliance, sexual misconduct, when based on sex, includes:
   • Non-consensual sexual contact
   • Sexual Assault
   • Sexual Exploitation
   • Stalking,
   • Dating Violence
   • Domestic Violence
   • Related retaliation

9.3 Confidentiality/Privacy
TAMUK is committed to protecting the privacy of individuals, and will work closely with students who wish to obtain confidential assistance regarding an incident of sexual misconduct.
   a. The university cannot guarantee complete confidentiality, but it will do everything possible to maintain privacy, and will only share information as needed to address the issue.
   b. Licensed professional counselors at Student Health and Wellness are the only individuals who can provide confidentiality to a complainant.
   c. Requests to withhold any name, or a request not to investigate or seek action against the alleged violator, will be considered in the context of the university’s duty to provide a safe and nondiscriminatory work, educational or campus living environment. This may require that the University take actions when the reporter requests no action, such as when violence is involved, when the threat of violence exists, or when required by law, as in the case of elderly, disabled, or child abuse. (08.01.01, 2.3)
   d. A request to withhold information or not to investigate the alleged misconduct may limit the university’s ability to respond. (08.01.01, 2.3)
   e. Additionally, the university will maintain all related records in accordance with the requirements of FERPA (the Family Educational Rights and Privacy Act of 1974), and will be accomplished without the inclusion of identifying information about the complainant, to the extent permissible by law.
f. The complainant may revoke a request not to investigate or seek action against the alleged violator and proceed with a formal complaint against the alleged violator.

9.4 Prevention and Awareness Educational Programs
It is the collective responsibility of all members of the TAMUK community to foster a safe and secure campus environment. In an effort to promote this environment and prevent acts of sexual misconduct from occurring, the university engages in ongoing prevention and awareness education programs. All incoming students and employees are required to participate in these programs, and all members of the university community are encouraged to participate throughout the year in ongoing campaigns and trainings focused on the prevention of sexual misconduct on campus.

9.5 Reporting
In processing reports of sexual misconduct and/or related retaliation involving students, TAMUK follows The Texas A&M University System Policy 08.01, Civil Rights Protections and Compliance and corresponding Regulation 08.01.01, Civil Rights Compliance (http://policies.tamus.edu/08-01-01.pdf). These are supplemented by Texas A&M University-Kingsville Rule 08.01.01.K1, Civil Rights and Compliance. You may also refer to the TAMUK Office of Compliance website for more information: http://www.tamuk.edu/compliance/index.html.

a. An employee’s or student’s complaint alleging discrimination should be reported as soon as possible after the action that caused the complaint. (08.01.01, 4.1.4)

b. Sexual harassment, sexual assaults, non-consensual sexual contact, domestic violence, dating violence, sexual exploitation and stalking may be reported to any university official. All such reports will be directed to the Title IX Coordinator, located in the Office of Compliance, Lewis Hall 130 or by calling (361) 593-4758. The Title IX Coordinator will work closely with other offices as appropriate. As a matter of Texas A&M University System policy, all employees must report a known allegation to the Office of Compliance.

c. Individuals reporting issues of sexual misconduct will meet with the Title IX Coordinator, Dean of Students Office, or designees and/or law enforcement (if a criminal report is being made, which is not required, but is always encouraged).

d. The reporting party will be provided information about available resources including counseling, physical and mental health assistance, victim advocacy, and other services available. A student who has been the victim of sexual misconduct may request an academic accommodation or change in residence after a report of sexual misconduct. (http://www.tamuk.edu/compliance/title_9/contact%20person.html).

e. The reporter may withhold identifying information; however, withholding information about the alleged misconduct may limit the university’s ability to respond to a complaint.

f. The University, at its discretion, may proceed with the investigation/disciplinary process without a formal complaint if the University has sufficient information that sexual misconduct may have occurred or determines an investigation is warranted considering the circumstances.

9.6 Accommodations and Interim Protective Measures
a. When reasonable and appropriate, the University will provide accommodations to involved parties upon request, and the interim steps will be taken promptly, and at no cost to the complainant. The university will continue to take these steps, as is appropriate, if sexual violence is found to have occurred. Possible requests include the ability to change academic schedules or work schedules, withdraw from or retake a class without penalty, access academic support such as tutoring services, and change residence hall assignments. Additional interim measures that may be taken pending the outcome of an investigation/hearing may include contact restrictions, interim suspension of the respondent, or change in course schedule, residence assignment, and/or other restrictions. Retaliation, including retaliatory harassment, and retaliation by third parties is prohibited by the university.

b. Interim action or remedies will be considered in all sexual harassment and sexual misconduct complaints.

1) The individual subjected to the alleged illegal discrimination, sexual harassment and/or related retaliation, the respondent and other affected individuals may be offered and/or expected to comply with appropriate interim protections or remedies, such as physical separation, contact limitations, alternative work or other arrangements, academic adjustments and counseling services. Failure to comply with the terms of interim protections may be considered a separate violation of system policies and regulations and member rules and procedures.

2) At any point in the process, an employee may be suspended with pay, reassigned, and/or placed in another type of temporary status pending completion of the investigation and final resolution of the allegations. This is not a disciplinary action.
Failure to comply with the terms of the interim actions may be considered a separate violation of system policies and university rules and procedures.

9.7 Inquiry and Investigations
When the university is made aware of a potential violation, an inquiry or investigation will be initiated to determine what occurred and then take appropriate steps to resolve the situation. All students, staff and/or faculty are expected to cooperate in an investigation if contacted. Retaliation for participation in an inquiry or investigation is strictly prohibited and may result in disciplinary measures, separate from the original complaint of sexual misconduct.

9.7.1 Initial Review by Title IX Coordinator or Deputy Coordinator
The Title IX Coordinator or Deputy Coordinator will conduct an initial review of information in a sexual misconduct report or complaint to determine if there is sufficient information to proceed with an investigation, or if additional information is needed.

a. If the information is sufficient, the Title IX Coordinator will forward the complaint/report to an appointed investigative authority within 5 business days of the determination to proceed with the investigation.

b. If the information is insufficient, the Title IX Coordinator or Deputy Coordinator, in consultation with the System Ethics and Compliance Office, may conduct an inquiry into the circumstances of the complaint and;
   1) Dismiss the complaint as baseless;
   2) Close the complaint for insufficient information to investigate; or
   3) Refer the complaint to another office which has responsibility for such complaints.

The designated office will notify the complainant of such action in writing.

9.7.2 Due Process Rights of Both Parties
Both the complainant(s) and the respondent(s) are entitled to due process and fair and equitable procedures in all facets of the complaint and investigation process and shall be:

a. Provided access to support services from the university at their request.

b. Provided written notification of: (1) receipt of the complaint stating the allegation of a violation of System Regulation 08.01.01, Civil Rights Compliance; (2) the appointed investigative authority; (3) the appointed designated administrator; (4) interim protections imposed, if any; and (5) admonishments regarding cooperation and prohibiting retaliation.

c. Informed of the investigation and adjudication procedures.

d. Allowed to choose to participate or decline to participate in the process with the understanding that the process will continue without their involvement and that the university will determine an outcome with the information available.

e. Allowed to discuss any conflicts of interest (real or perceived) arising from prior interactions by those handling the Title IX grievance procedures.

f. Allowed to have an advisor present during the investigation and adjudication proceedings. The role of any advisor will be limited to being present and communicating only with their advisee; advisors may not examine witnesses or otherwise actively participate in the process.

g. Given the opportunity to present witnesses and submit other evidence on their behalf to the investigators.

h. Notified in writing of the results /outcome of the complaint and subsequent action.

9.7.3 Investigation Procedures

a. When a decision is made to forward an investigation to an investigative authority for allegations of sexual misconduct and/or related retaliation, the Title IX Coordinator or Deputy Coordinator will appoint two (2) investigating authorities to review the complaint/report unless circumstances warrant otherwise.

b. In all investigations and subsequent decisions, the standard used to determine the merits of the allegation(s) is the preponderance of the evidence, i.e., more likely than not.

c. The investigative authority will review the complaint, respondent and witnesses (if applicable), review relevant documentation, consult with subject matter experts as appropriate, and review other available evidence or information. The past sexual history or character of an individual is not considered unless it is determined to be highly relevant. The investigative authority may also consult with appropriate management personnel, including but not limited to, the Dean of Students, the Title IX Coordinator, System Office of General Counsel, and/or the System Ethics and Compliance Office for advice and guidance, as applicable. The investigative authority will provide a draft report on the merits of the allegations to the Office of General Counsel (OGC) for legal sufficiency review within 30 business days of receipt of the complaint.

d. The investigative authority’s investigation report may conclude that each allegation is substantiated, unsubstantiated, or there is
insufficient evidence to determine whether or not the allegation is substantiated. In some instances, after investigation, offensive conduct might not be sufficiently severe, persistent, or pervasive that it unreasonably interferes with an individual’s work or educational performance, or creates an intimidating or hostile work or educational environment. Nevertheless, the investigators may still determine that the offensive conduct is still a violation of university rules or policies, including the Student Code of Conduct or other published rules of the university and so note that finding in their report.

e. OGC will provide its legal review to the investigative authority within 10 business days. The investigative authority will have five (5) business days to finalize the report and submit it to the designated administrator.

f. The complainant and respondent will be notified simultaneously of the conclusion of the investigation and the availability of the investigative report for review.

g. The Dean of Students or designee serves as the designated administrator for cases where the student is a respondent. Upon receiving the investigation report, The Dean of Students has five (5) business days to notify the parties of his/her decision to refer the case to a hearing panel or not.

h. Circumstances may warrant an extension of the time frame in this section. Both the complainant(s) and the respondent(s) should be notified of any extensions in writing.

### 9.8 Sexual Misconduct and Related Retaliation Process

The designated administrator will review the completed report from the investigative authority and take action as follows:

a. If the investigative authority determines in their report that one or more of the allegations is substantiated to be a violation of the TAMUK Student Code of Conduct, including the sexual misconduct procedures, the designated administrator will notify all parties in writing of the initiation of disciplinary charges and subsequent hearing procedures to review the investigation report. The designated administrator has five (5) days after receipt of the investigative report to determine whether to pursue charges of the Student Code of Conduct. All parties will also be notified if interim measures are continued, modified or discontinued pending resolution of the case and reminded of the university’s policy against retaliation.

b. If the investigative authority determines that all allegations are unsubstantiated or there is insufficient evidence to determine whether or not the allegations are substantiated, the designated administrator will notify all parties in writing of the results of the investigation. Both parties will also be notified if interim measures are continued, modified or discontinued pending resolution of the case and reminded of the university’s policy against retaliation.

#### 9.8.1 Office of the Dean of Students Oversees Hearing Process

The Dean of Students Office will oversee the hearing process originating from an investigation into a sexual misconduct and/or related retaliation cases where the respondent is a student. In this capacity, the Dean of Students Office acts as a resource for administration, faculty, staff and students to promote consistency throughout the university community in adjudicating sexual misconduct and/or related retaliation cases. The Office of the Dean of Students also has the responsibility for maintaining all student hearing records related to students charged with a violation of sexual misconduct.

a. **Initiation of sexual misconduct Charges against a Student**

   If a student is charged with a violation of the sexual misconduct clause or other applicable provisions in the Student Code of Conduct, the respondent will be notified in writing of the specific code of conduct charge(s) prior to the hearing to review the investigative authority’s report. The complainant will be notified when the respondent is charged. Sexual assault complaints may not be mediated or handled informally. All such cases will be investigated and if appropriate after investigation, be referred for a hearing subject to the Sexual Misconduct Hearing Procedures.

b. **Informational Meeting for Sexual Misconduct and Related Retaliation Charges**

   The complainant and respondent will be provided the opportunity to meet individually with the Dean of Student or designees. During the meeting the respondent will be informed of all pending charges, rights and responsibilities, and provided with the following:

   1. A review of all due process rights and disciplinary procedures;
   2. Interim measures/actions (if applicable);
   3. Notification of consequences of retaliation against the complainant, witnesses or any individual connected with the investigative / hearing process;
   4. An explanation of the charges which have been made;
   5. A review of the investigation report on which the charges are based.

   The complainant and/or respondent are allowed to choose to participate or decline to participate in the informational meeting process with the understanding that the process will continue without their involvement and that the university will determine an outcome with the information available.
9.8.2 Sexual Misconduct and Related Retaliation Hearing Procedures
The Dean of Students Office will coordinate the hearing which includes a review of the completed investigation where the investigation authority has determined in their report that one or more of the allegations is substantiated to be a violation of system and university policy and rules. The Dean of Students Office will compile the information from the investigative authority, as well as inform all of the parties of the date, time and location for the hearing.

a. The Dean of Students Office will provide written notification of the hearing to the participants at least three (3) business days prior to the hearing.
b. Determinations during the hearing, will be made using the *preponderance of the evidence* standard, which asks whether it is “more likely than not” that the alleged sexual misconduct occurred.
c. The complainant and/or respondent are allowed to choose to participate or decline to participate in the hearing review process with the understanding that the process will continue without their involvement and that the university will determine an outcome with the information available.
d. Each party may have an advisor of their choice present at the hearing. The advisor cannot directly participate in the proceedings and must not have involvement in the underlying case.
e. The formal hearing will be held as scheduled even in the absence of the complainant or respondent, unless such absence is for good and sufficient cause. Note: this hearing is not a criminal proceeding. Related criminal charges are handled separately.
f. The University Sexual Misconduct Hearing Board will convene the hearing to conduct a review of the investigation results arising from sexual misconduct and/or related retaliation cases.
   1). The purpose of the hearing will be to review the investigative authority’s written report, to work to resolve any issues with the report, provide an opportunity for the complainant or respondent to answer questions and offer rebuttal or support of the completed report, to clarify any questions the board may have about the incident and report, and to deliberate on the outcome and sanctions (if a student is found responsible).
   2). Any evidence submitted during the hearing review in rebuttal to or in support of the investigation report must be material and relevant to the issue under consideration as determined by the chair of the hearing board, and may be accepted or rejected by the hearing board.
   3). Parties to the hearing may not personally question or cross-examine each other during the hearing.

g. After the review phase of the hearing is concluded, members of the hearing board will deliberate on the charges in closed session. Determination of responsibility will be made on the basis of a preponderance of the evidence. As a result of the hearing, the Sexual Misconduct Hearing Board may take one of the following actions:
   1) The respondent may be found not responsible for a violation of the sexual misconduct and any other applicable charge(s). If the respondent is not found responsible, then the deliberations conclude. While no sanctions are imposed, the Designated Administrator may determine if specific interim measures should continue in place and notify all parties.
   2) The student may be found responsible for a violation of the sexual misconduct or any other applicable charge(s). If the respondent is found responsible for one or more violations of the Student Code of Conduct, the hearing board will discuss sanctions for the student after being informed of the student's conduct status with the University.
   3) Sanctions may have educational, restorative, and rehabilitative components for students. In addition, employee sanctions may have punitive components. Examples of sanctions may include, but are not limited to, written warning or reprimand, required training and/or counseling, “no contact” order, probation, suspension, and employment dismissal and/or expulsion form an educational institution. For students, expulsion is a disciplinary action taken to teach them that their actions and conduct have consequences, which includes ineligibility to continue as a member of the educational community.
   i. For sex discrimination complaints, both the complainant(s) and respondent(s) will be notified simultaneously, in writing, of the hearing outcome; appeal procedures; any change(s) as a result of the appeal process; and/or when the result becomes final.

9.8.3 Appeal Process for Sexual Misconduct and/or Related Retaliation Cases
With respect to allegations of sexual misconduct and/or related retaliation, the designated administrator’s decision and the sanction(s) imposed by the sanctioning authority can be appealed by the complainant(s) and/or the respondent(s).

a. Appeals of disciplinary action as a result of a sexual misconduct or related retaliation complaint must be in writing and made on the basis of one or more of the following grounds:
   1) A procedural error or omission occurred during the process that significantly impacted the outcome. The appeal must state in writing the procedural error or omission and how it impacted the outcome.
   2) New evidence, unknown or unavailable during the investigation has come to light, that could have significantly impacted the outcome. The appeal must state in writing the new information now available and why it was not available during the investigation.
3) The appropriateness or severity of the sanctions. The reason(s) supporting this must be stated in writing in the appeal. 
b. On appeal, the burden of proof rests with the appellant to show that an error has occurred during the hearing process.  
c. In order to avoid the appearance of a conflict of interest, appeals of these bases must be directed to an authority who had no previous involvement and/or participation in the investigation and/or decision. In cases of sexual misconduct and/or related retaliation involving a student, the appeal must be made in writing to the Senior Vice President for Student Affairs, Enrollment Management and University Administration (SVP) or a designee within three business days after notification of the initial decision. 
d. The SVP may handle the appeal or designate an appeals officer at his or her discretion to another administrator who has received adequate and relevant training about sexual misconduct. Appeal requests will be reviewed for merit and if filed in a timely manner. The procedures governing the hearing of appeals include the following:  
   1) All parties should be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision.  
   2) The SVP/Appeals Officer shall have 5 business days after receiving the appeal(s) to review the case and provide a draft decision to OGC for review. OGC will coordinate with SECO and provide its review of the draft decision within five business days. The SVP/Appeals Officer will have five business days to finalize the decision and provide it to the complainant(s), the respondent(s), and the investigators.  
   3) Circumstances may warrant extensions to the time frames. The SVP/Appeals Officer should send extension requests, if needed, to the office or individual(s) who appointed them. Both the complainant(s) and the respondent(s) should be notified of any extensions in writing.  
   4) The appeal will be confined to a review of the written documentation and record of the investigation and/or hearing, and pertinent documentation regarding the grounds for the appeal. The appeal does not create an entitlement to a new investigation or a full re-hearing of the complaint. The appeal process for both the complainant(s) and the respondent(s) must be equitable, but not necessarily identical. The SVP / Appeals Officer may at his/her discretion meet with the parties to determine a decision.  
   5) Upon review of the appeal, the person or body conducting the appeal may uphold, modify, send back the case to the original hearing body for further consideration or completely reverse the original decision as appropriate. A written summary of the findings must be provided and should the decision be modified it should be in accordance with one or more of the conditions delineated in this code.  
   6) The SVP / Appeals Officer will render a written decision on the appeal to all parties which shall include the rationale forming the basis for the decision. The decision is final and may not be further appealed.  
   7) If the SVP / Appeals Officer determines that new evidence should be considered, it will return (remand) the complaint to the original hearing body to reconsider in light of the new evidence only. The reconsideration of the hearing body is not appealable.  
   8) If the SVP/Appeals Officer determine that a material procedural (or substantive) error occurred, it may return the complaint to the original hearing body with instructions to reconvene to cure the error. The results of a reconvened hearing cannot be appealed. In cases where the error cannot be cured by the original hearing officers (as in cases of bias), the appeals officer or body may order a new hearing on the complaint with a new body of hearing officers. The results of a new hearing can be appealed once based upon the grounds for appeals stated above.  
   9) If the SVP / Appeals Officer determines that the sanctions imposed are substantially disproportionate to the severity of the violation, the matter will be returned to the hearing body. The hearing body will review the case, and may then increase, decrease or otherwise modify the sanctions. This decision is final.  
   10) Circumstances may warrant an extension of the time frame in this section. Both the complainant(s) and respondent(s) will be notified in writing simultaneously of any extensions or decisions made.  
   11) Any student receiving a sanction of separation (expulsion or suspension) pursuant to this regulation may appeal the sanction in accordance with Rule 08.01.01.K1, Civil Rights Compliance and/or code of conduct for student grievances.  

9.9 Training of Staff Involved in the Investigation and/or Adjudication of Sexual Misconduct and/or Related Retaliation  
The Title IX Coordinator, Deputy Coordinators, investigator(s), members of the Sexual Misconduct Hearing Board, and the SVP/Appeals Officer /Body will receive training on the handling of complaints of sexual harassment, the university’s Title IX Policy and Grievance Procedures, and applicable confidentiality requirements.
Interim Suspension
Section 10: Interim Suspension

Definitions: The following definitions apply for interim suspensions:

1. Continuation hearing – the hearing before the president or designee to determine whether or not the interim suspension should remain in place for the entire suspension period before the formal hearing is held. The continuation hearing can be as simple as a meeting between the student and the president or designee. In this continuation hearing, the student is permitted to be represented by an advisor of their own choosing.

2. Formal hearing – a hearing before a disciplinary committee, designated hearing officer or panel vested with the authority to conduct such hearings. Formal hearing procedures are published by the university and generally provide greater rights to charged students than informational hearings.

3. Interim suspension – separation from the university without the student first receiving notice and a hearing. A student receiving an immediate interim suspension shall remain off campus and away from university facilities until the expiration of the immediate interim suspension period unless otherwise instructed by a university official. The immediate interim suspension period cannot exceed 10 calendar days.

Interim Suspension:
When the president of the university or designee determines a student poses a continuing danger to persons or property, or the student’s behavior is an ongoing threat of disrupting the academic process, the university can impose an interim suspension by informing the student in writing. The following steps will be followed:

a. The President or designee informs the student in writing that the student is immediately suspended from the university and that notice and a continuation hearing will take place as soon as practicable. Student(s) subject to an interim suspension shall remain off campus and away from university facilities. The failure to abide by this requirement may result in the issuance of a criminal trespass warning and further disciplinary action.

b. The university will provide to the student:
   1) Written notice of the charge against the student; notice of the charge(s) should include the offending conduct and the facts supporting the charge(s);
   2) A continuation hearing date is scheduled to give the student the opportunity to present his /her side of the story and determine whether the interim suspension should continue. The university will aspire to provide notice and a continuation hearing no later than three class days after the day of the interim suspension begins. The continuation hearing can occur almost immediately after the conduct. The decision of the President or designee at the continuation hearing is final and no appeal procedure of the university applies to interim suspensions.

c. If after the continuation hearing is concluded, the president or designee believes it is in the best interest of the campus community that the student should still not be permitted to return to the campus even after the expiration of the interim suspension period, the university shall initiate it’s formal hearing procedures for long-term suspensions or expulsions, prior to expiration of the interim suspension. The matter will be referred to the Judicial Appeals Board in the case of academic misconduct or to the University Disciplinary Committee in cases of nonacademic misconduct.

d. In certain situations, such as, but not limited to, ongoing administrative investigations, the university may take measures to restrict an individual from parts of campus or from university sponsored events/activities. These measures are not part of the Interim Suspension policy. In addition, criminal trespass warnings issued by the University Police Department are not part of this policy.
Disciplinary Sanctions
Section 11: Disciplinary Sanctions

The following sanctions may be imposed upon any student or organization found to have violated the Student Code of Conduct.

a. The student or organization may be levied a sanction or combination of sanctions.

b. Record of the student’s disciplinary status and the results of disciplinary proceedings are a part of the student’s confidential records for a period of at least five years after the late date of a student’s enrollment.

c. As part of the notification of disciplinary action undertaken, the student will be notified in writing of the sanctions imposed, their duration, stipulations and deadlines for completion.

d. Pending final action on a disciplinary charge or appeal, the student’s status should not be altered nor should his/her right to be present on the campus or his/her privilege to attend classes be suspended except for the following:

1. when the university has imposed interim suspension action;
2. when a “disciplinary hold” is placed on the student’s academic and/or financial records pending the outcome of disciplinary proceedings or to enforce a disciplinary sanction;
3. Interim measures taken during a Title IX investigation when it determines that they are necessary and appropriate to the safety of the community and to protect the integrity of the complaint/investigation process;
4. to assist with maintaining order on campus in incidents involving serious cases of class /facility disruptions or threat of violence whereby student(s) involved may be restricted from certain areas or other interim measures imposed to minimize the opportunity for verbal/physical conflict or retaliation.

e. Once a student or organization has been finally assessed a disciplinary sanction and the appeals process is complete, no more severe major sanctions may be assessed against the student or organization by any higher university authority for the infraction in question except in instances where the student or organization does not comply with the initial sanctions that have been imposed.

f. The sanctions identified below are not inclusive and may be levied in any combination:

1. Warning: A notice in writing to the student/organization that the student/organization is violating or has violated institutional regulations and that the continuation of such conduct or actions could result in further disciplinary action.
2. Probation: a written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if found to violate any institutional regulations or failure to comply with the sanctions imposed by the hearing body.
3. Loss of Privileges: Denial of specified privileges for a designated period of time.
4. Fines: Previously established and published fines may be imposed.
5. Restitution: Compensation for loss, damage, misappropriation or injury. This may take the form of appropriate service and/or monetary or material replacement.

Notification of Parents Regarding Disciplinary Action
Section 12: Notification of Parents Regarding Disciplinary Action

The Family Educational Rights and Privacy Act (FERPA), permits colleges and universities to inform the parents/guardians of students less than 21 years of age when their son/daughter has been found in violation of university alcohol and drug regulations. Texas A&M University-Kingsville may notify the parents/guardians of students less than 21 years of age under the following circumstances:

a. If found to have committed a serious violation of the alcohol or drug policy;

b. After a second violation of the university alcohol or drug policy;

c. When a student endangers his or someone’s health or welfare through the use of alcohol or drugs;

d. When a drug or alcohol violation results in the termination of the student’s housing contract.

The parents of students who find themselves in this situation will be sent a letter by the Dean of Students or designee indicating that their son/daughter has committed a violation and been issued a disciplinary sanction. The disciplinary sanction may require that the son/daughter be enrolled in an alcohol education program presented by Student Health and Wellness. Serious violations of alcohol and drug abuse may result in assessment and basic intervention by a counselor in Student Health and Wellness and/or referral for counseling and treatment by an agency or professional outside the university. In very serious situations, suspension or expulsion from the university may occur.

Parents may also be notified of other concerns about students’ behaviors, health or academic progress if a health or safety emergency involves their son or daughter.
Code of Conduct for International Studies Programs
Section 13: Code of Conduct for International Studies Programs

The Office of International Studies and Programs is responsible for the administration of all study abroad programs at Texas A&M University-Kingsville. As such, this office holds students responsible for knowing and abiding by the policies set forth in this document, as well as the policies and guidelines included in the University’s Student Handbook. As a study abroad student, you are required to read both documents before your departure to your destination. The full Code of Conduct for International Studies Programs can be found at the Dean of Students website: http://www.tamuk.edu/dean/international-code.html

a. Administration of the Student Code of Conduct for Study Abroad Students

Authority for administering student conduct and the disciplinary system is delegated by the President of the University to the Senior Vice President for Student Affairs, Enrollment Management and University Administration and the Dean of Students. Violations of the Student Code of Conduct and/or the Code of Conduct for International Studies Programs will be reported to the Dean of Students by the Office of International Studies and Programs. The Office of the Dean of Students will determine the appropriate response to the alleged misconduct and whether the sanctions should be immediate or upon return to campus. He/she will also designate the individual or disciplinary body to investigate and/or resolve the allegations.

b. Student Code of Conduct for International Study Abroad Students

All students who participate in Texas A&M University-Kingsville International Studies programs are representatives of A&M-Kingsville and their country for the duration of their time on the program. Students are expected to conduct themselves appropriately and respectfully, and will abide by the rules set forth by the Office of International Studies and Programs, the Program Director, the onsite program staff, and their hotel or home stay hosts.
Judicial/Conduct Hearing Boards
The University has a number of disciplinary hearing boards in place as part of the conduct hearing process.

### 14.1 University Disciplinary Committee (UDC)

a. A committee consisting of students, faculty and staff appointed by the Dean of Students which serves as a hearing body for the purpose of adjudicating nonacademic student misconduct cases that are serious in nature. The Dean of Students determines the seriousness of the alleged violation(s) and will refer cases to this committee as deemed appropriate.

b. The UDC is composed of three (3) staff members (comprised of two (2) representatives from the Division of Student Affairs and one (1) at-large from the University); two (2) faculty (from any college); and two (2) students. The Dean of Students serves as an ex-officio member. Four (4) members shall constitute a quorum to hear cases.

c. It is the responsibility of the UDC to provide for a prompt and fair consideration and resolution of the case through a formal hearing process. The proceedings are not judicial trials; however, the respondent may present his or her own defense against the charges and may produce either oral testimony or written affidavits of witnesses. The student may choose an advisor, to accompany, but not represent him or her during a hearing. Final decisions of this body are communicated through the chair, appointed by the Dean of Students. The decisions of this body may be appealed to the Senior Vice President for Student Affairs, Enrollment Management and University Administration.

d. The University Disciplinary Committee is expected to consult with the Texas A&M University System Counsel, through the Dean of Students, to assure that its procedures are legally sound and fair to all parties.

### 14.2 Sexual Misconduct Hearing Board

A committee consisting of students, faculty and staff is appointed by the Dean of Students which serves as a hearing body for the purpose of adjudicating sexual misconduct cases.

a. If the complaint is referred to a hearing, the Dean of Students Office will select three individuals from a pool of trained adjudicators to hear the case as members of the Sexual Misconduct Hearing Board.

b. The Dean of Students will also appoint one of the three members to serve as the chairperson.

c. The hearing will be conducted in conformance with the Sexual Misconduct Hearing Procedures.

d. It is the responsibility of the Sexual Misconduct Hearing Board to provide for a prompt and fair consideration and resolution of the case through a formal hearing process. The proceedings are not judicial trials.

e. The respondent and complainant may choose an advisor, to accompany, but not represent, him or her during a hearing.

f. During the hearing, the investigative authorities will present the information from their investigative report on behalf of the university.

g. Both the respondent and the complainant will be given the opportunity to support or rebut information presented before the hearing board.

h. After the testimony phase of the hearing is concluded, the member of the Sexual Misconduct Hearing Board will go into executive session to deliberate on the charges.

i. Determination of responsibility will be made on the basis of a preponderance of the evidence standard.

j. If the respondent is found not responsible then the hearing board concludes the process. If the respondent is found responsible for one or more violations of the Student Code of Conduct, the hearing board will determine sanctions for the student after being informed of the student’s conduct status with the University.

k. The Sexual Misconduct Hearing Board will have five (5) days to render a written decision including any applicable sanctions unless circumstances require additional time.

l. For sexual misconduct hearings, a written statement of the findings, including rationale, the formal action to be taken by the University and a description of the appeals process will be sent to the respondent and the complainant simultaneously (meaning without substantial delay between the notifications to each) by the Dean of Students Office.

m. The Sexual Misconduct Hearing Board is expected to consult with the Texas A&M University System Counsel and/or the System Ethics and Compliance Office, through the Dean of Students, to assure that its procedures are legally sound and fair to all parties.

### 14.3 Judicial Appeals Board

An appellate board consisting of students, faculty and staff appointed by the Senior Vice President for Student Affairs, Enrollment Management and University Administration for the purpose of hearing student appeals of proposed disciplinary actions associated with academic student misconduct charges and appeals of decisions resulting from a student grievance against a student, student group, faculty, staff, or university administrator
a. **The board’s composition** includes, one (1) faculty representative from each of the academic colleges; two (2) representatives from the Division of Student Affairs; and three (3) students. The required meeting quorum is six members, consisting of at least two students. The Senior Vice President for Student Affairs, Enrollment Management and University Administration serves as ex-officio member. Final decisions of this board are communicated through the chair, which is appointed by the Senior Vice President for Student Affairs, Enrollment Management and University Administration.

b. **In the case of hearing student appeals of proposed disciplinary** actions associated with academic student misconduct charges, it is the responsibility of the board to make a reasonable determination of the validity of charges against the student and to express its judgment regarding the appropriateness of the proposed sanctions.

c. The student may choose an advisor, to accompany, but not represent him or her.

d. In cases involving suspension or expulsion for academic misconduct, the decision of this board may be appealed to the Provost.

e. **In the case of student grievances appeals**, except in specific areas of dispute covered by other explicit policy (e.g., discrimination, sexual harassment), it is the responsibility of the board to make a reasonable determination of the validity of the student’s charges and to express its judgment regarding appropriate resolution of the problem. The student may choose an advisor, to accompany, but not represent him or her.

f. The Judicial Appeals Board is expected to consult with the Texas A&M University System Counsel, through the Senior Vice President for Student Affairs, Enrollment Management and University Administration, to assure that its procedures are legally sound and fair to all parties.
Student Grievance (Formal Complaint) Procedures

*Nonacademic Grievance Procedure*
Section 15: Student Grievance (Formal Complaint) Procedures

15.1 Introduction to Grievance Procedures
Texas A&M University-Kingsville is committed to providing an educational climate that is conducive to the personal and professional development of each individual. In order to ensure that commitment, the university has developed procedures for students to pursue grievances within the university community, should such action become necessary.

15.2 Grievance Procedure
Informal complaints may be filed, verbally or in writing, with offices across campus. The process to file a formal complaint, or grievance, is outlined below. The decision as to which procedure to utilize for a grievance filed by a student shall be made solely by the university and shall be based on the fact pattern of each particular case. Each grievance shall be directed to a specific procedure and shall be accorded only one opportunity to be adjudicated unless the appeal body remands the grievance for further review. Due to their special nature, certain issues are handled by specially designated hearing bodies or offices, as outlined in the chart on the following page. Individuals may also file an anonymous complaint at the Texas A&M University System Risk, Fraud & Misconduct Hotline at: https://secure.ethicspoint.com/domain/media/en/gui/19681/index.html

15.3 Definition of a Grievance
A student grievance is a complaint about a concern, problem or issue other than a disciplinary measure. (The appropriate response to a disciplinary measure, which is deemed unfair or excessive, is an appeal, not a grievance.) A student who has a disagreement or unresolved dissatisfaction with a faculty or staff member, another student, student group or administrator (hereafter known as the respondent) has the right to file a grievance without prejudicing his or her status with the university. Grievances must be based on a claimed violation of a university rule, policy or established practice. Any student who brings a grievance has the burden of proof and must provide documentation and evidence to support the allegation. Except in the case of final grade appeals or where specified by university policy, a grievance should normally be filed within 20 working days of the incident or incidents. (Note: This process does not limit the university’s right to change rules, policies or practices.)

In the following pages information will outline Student Academic Grievances and Student Nonacademic Grievances. The Dean of Students Office can assist individuals in with questions regarding the grievance procedures.

A date, time and location for the hearings will be provided in advance of the hearing should the student appealing the parking violation wish to be present. Late appeals may be filed, with a $10 charge being assessed, at the Dean of Students Office, room 306 of the Memorial Student Union Building. Transcripts are evaluated for credit by the Office of Undergraduate Admission, and at times may undergo a review by faculty members in an academic program. Credits for a specific degree must be determined by academic departments. Once a transcript undergoes the review process, students are provided with information concerning the transferability of courses and how they will be applied to a degree program. A course must be college level in order to be transferrable, and a grade earned of “D” or better. In some instances, a grade below a “C” may not be acceptable in cases where the course will be applied to a major. Students can access their degree plans through DegreeWorks.

### 15.4 Academic Grievance Procedures

a. Academic grievances are complaints brought by students regarding the university’s provision of education and academic services affecting their role as students. Academic grievances can include but are not limited to the following types of allegations:

1. Grade appeals, including errors in calculations or recording of tests or other grades; capricious, complaints of arbitrary or prejudiced action or procedures in assessing a grade; and/or allegations that procedures and practices used to determine a grade were not consistently or accurately followed. (Refer to Final Grade Appeal Procedures)
2. Failure of a faculty member to follow university policies in the conduct of classes or examinations.
3. Failure of a faculty member to recognize properly an authorized excuse or absence.
4. Capricious or unreasonable arbitrary actions by a faculty member that adversely affects student performance.
5. Failure of a faculty member to announce and/or provide in the course syllabus teaching procedures, grading policies and the various requirements for successful completion of the course; also substantial changes or departures in announced policies without due notice and explanation.
6. Discriminatory action toward students within the classroom by a faculty member, e.g., by singling out specific students for...
either preferential or adverse treatment.
7. Failure of a faculty member to honor a specific commitment to a student concerning completion of work delayed because of illness, accident or other justified reason.
8. Interpretation of academic policies affecting eligibility for academic programs or scholarships, degree plan advisement disputes and/or academic decisions resulting in academic suspension or enrollment holds.

b. The general policy regarding a student grievance is to grant an opportunity to address an issue one level above the person whose action is being contested. Every possible effort should be made to resolve the grievance at the lowest level. The process may vary depending upon the area of concern but will generally involve several possible steps.

1. The procedure utilized shall provide for a prompt and fair consideration of the complaint.
2. If extenuating circumstances prevent either party from meeting the time frame stipulated while grievance proceedings are underway, all parties involved will confer and agree on an alternate schedule.
3. Proceedings are not judicial trials and formal rules of evidence shall not apply, but evidence submitted must be material and relevant to the issue under consideration.
4. Any person who brings a grievance has the burden of proof and must provide documentation and evidence to support the allegation.

15.5 Steps for Redress of a Student Academic Grievance

a. Level One:
The student discusses orally or in writing the problem or complaint with the person whose decision or action is being contested (respondent). After consideration of the request and in consultation with the department chair, the respondent shall notify the student in writing of the decision regarding the complaint within 10 business days of the meeting. It shall also include information on the student’s right to appeal, the deadline and process for appeal and the name and address of the person responsible for receiving the appeal request.

Final grade appeals must be initiated on an individual basis, utilizing the Final Grade Appeal Procedures outlined in another section of this Academic Grievance Policy.

b. Level Two:
If the complaint is not resolved, the student has three business days after notification of the respondent’s decision, to appeal in writing to the appropriate College Dean and in the case of graduate students to the Dean of Graduate Studies.

1. The student should put his or her academic grievance in writing according to the following guidelines:
   a. Identify the specific nature of the academic grievance (Refer to #1 – 8 above).
   b. Explain the grounds for the academic grievance, and whether the basic justification for it is based on a claimed violation of a university rule, policy or established practice.
   c. The name of the person whose decision is being disputed, the dates of the occurrence, and the name, current address and phone number of the complainant.
   d. Attach any supporting documents or evidence, names and contact information of witnesses and short statements summarizing the testimony that the witnesses may present.
   e. The remedy sought; i.e., explain how would you like to see it resolved? What does the complainant want done as a result of the complaint?

2. The appropriate dean of the college shall have 15 business days to evaluate the academic grievance appeal request and determine appropriate action. The dean of the college shall evaluate the academic grievance appeal to determine if it meets the following criteria:
   a. Alleges facts which, if true, would demonstrate a violation of university policy or regulations;
   b. Is appropriate for consideration by the dean or if it should be referred to another hearing body for resolution (i.e., to a different college or in case of sexual harassment, job discrimination, etc. referred to a different administrative unit);
   c. Contains information that a prima facie case exists and that the allegations appear to be substantially credible;
   d. Addresses a violation which if true, results in a personal wrong to the grievant; and
   e. Was filed in a timely manner.

3. If the complaint does not meet all of the above conditions, the dean of the college may terminate the academic grievance and so notify the student.

4. If the complaint meets all of the conditions, the dean of the college will seek to facilitate the resolution of the complaint.
   a. Review the student’s academic grievance and gather any additional information from the student if needed.
   b. Review the administrative head’s report and possibly confer with either the respondent or person responsible for
enforcing the policy or procedure.

c. The dean of the college may at his or her discretion, meet with the student and/or respondent together or separately if deemed appropriate.

1) The student and respondent must be given three business days advance notice of any meeting.

2) The failure of the complainant to appear without justifiable cause will result in the meeting proceeding as scheduled and the matter being resolved based upon the information available to the Dean.

3) If the original academic grievance was against a non-supervisory employee, responsibility for the defense of the contested actions shall rest with the employee’s supervisor. The employee may be called in as a witness.

d. In consideration of the information provided, the burden of proof shall be upon the student to prove his or her case by a preponderance of the evidence (that it is more likely than not that the alleged actions/events occurred and that they constituted unfair treatment or a violation of policy).

e. Within 15 business days of receipt of the academic grievance appeal, the dean of the college will complete any consultation and shall notify in writing the grievant and respondent of his / her determination of the academic grievance and a summary of the findings. The decision may consist of:

1) A ruling in favor of the student and the student’s proposed resolution.

2) A ruling in favor of the student with a new resolution; or

3) A ruling not in favor of the student.

The results of grievances appealed to this level are final and may not be further appealed. Academic grievances initiated at Level Two may be appealed to the next level (Level Three).

c. Level Three:
The decision of an academic grievance first initiated with the dean of the college (Level Two) may be appealed by either party to the Judicial Appeals Board by delivering a letter of appeal to the Senior Vice President for Student Affairs, Enrollment Management and University Administration (SVP) within three business days after notification of the findings. The SVP shall then convene the Judicial Appeals Board to consider the appeal request.

1) The student’s academic grievance appeal must be in writing and made on the basis of one or more of the following grounds:

   a. The decision is unsupported by substantial evidence on the record.

   b. There was a substantial departure from, or denial of rights or procedures provided for in the academic grievance process.

   c. There is new evidence, previously unavailable, which, if proven accurate, would substantially alter the decision or remedy imposed.

   d. The remedy imposed is disproportionate to the gravity of the conduct.

2) The Judicial Appeals Board shall have 15 business days to evaluate the academic grievance appeal request and determine appropriate action. The Judicial Appeals Board shall evaluate the academic grievance appeal to determine if it meets the following criteria:

   a. Alleges facts which, if true, would demonstrate a violation of university policy or regulations;

   b. Is appropriate for consideration by the board or if it should be referred to another hearing body for resolution (i.e., to a different college or in case of sexual harassment, job discrimination, etc. referred to a different administrative unit);

   c. Contains information that a prima facie case exists and that the allegations appear to be substantially credible;

   d. Addresses a violation which if true, results in a personal wrong to the grievant; and

   e. Was filed in a timely manner.

3) If the complaint does not meet all of the above conditions, the Judicial Appeals Board may terminate the academic grievance appeal and so notify the student.

4) If the academic grievance appeal meets all of the conditions, the Judicial Appeals Board will conduct a hearing.

   a. The student and respondent must be given three business days advance notice of any meeting. The failure of the complainant to appear without justifiable cause will result in the meeting proceeding as scheduled and the matter being resolved based upon the information available to the Dean. If the original grievance was against a non-supervisory employee, responsibility for the defense of the contested actions shall rest with the employee’s supervisor. The employee may be called in as a witness. It is the duty of the complainant and respondent to provide notice to and secure attendance of their witnesses to the hearing.

   b. The SVP will provide the complainant and respondent with a copy of its hearing procedures three business days prior to the hearing.

   c. Hearsay statements may be considered, but the panel should consider the existence or lack of corroborating evidence
and the reason for the absence of the person to whom the statement is attributed.

d. Cross-examination of witnesses shall not be permitted. However, panel members may ask questions of any witness. The complainant or respondent may, at the conclusion of a witness’ testimony, request that the panel ask other questions of the witness. The panel may honor or disregard such requests.

e. In consideration of the information provided, the burden of proof shall be upon the student to prove his or her case by a preponderance of the evidence; that it is more likely than not that the alleged actions/events occurred and that they constituted unfair treatment or a violation of policy.

f. Within 15 business days of receipt of the academic grievance appeal, the chair of the Judicial Appeals Board will notify the grievant and respondent in writing the determination of the appeal and a summary of the findings. The Judicial Appeals Board may adopt, reject or modify any previous decision and may consist of:
   1. A ruling in favor of the student and the student’s proposed resolution.
   2. A ruling in favor of the student with a new resolution
   3. A ruling not in favor of the student; or
   4. A ruling that a procedural error occurred and remanding the matter back to the level where it occurred.

5) The decision of the Judicial Appeals Board’s review of an academic grievance appeal is final and cannot be further appealed.

15.6 Final Grade Appeal Grievance Process
The instructor of the class is the primary authority with respect to the assessment of a student’s academic performance and final grade in that course. All practices and procedures that are used to determine a student’s final grade should be communicated to the student in the course syllabus.

An appeal of a final grade must be filed within 180 calendar days of the last day of the semester or summer session in which the disputed grade was earned. The student has the burden of proof and must provide documentation and evidence to support the allegation.

a. Basis for a Final Grade Appeal
   Students can appeal a final grade based upon one or a combination of the following:
   1) An error in calculating the grade or inaccurate recording of the grade;
   2) Failure of the instructor to notify students clearly and promptly of the criteria for grade determination;
   3) Assignment of a grade based on reasons other than the stipulated criteria or standards;
   4) Assignment of a grade based on factors other than performance in the course, e.g., personal bias;
   5) Inconsistent or inequitably applied standards for evaluation of student academic performance;

b. Level One
   It is the responsibility of a student who believes that his or her final grade is the result of a capricious, arbitrary or prejudiced action or that the procedures and practices used to determine the grade were not consistently and/or accurately followed, to first discuss the matter with the instructor of the class orally or in writing.
   1) In the event that the student is unable to contact the faculty member, he/she should contact the department chair regarding the matter for assistance in contacting the faculty member.
   2) After reviewing the student’s request, the instructor (in consultation with his or her department chair) shall respond to the grade appeal in writing within 10 business days of receipt of the grade appeal request.

c. Level Two
   If no satisfactory resolution is reached with the instructor and/or department chair, or if the instructor is unavailable, and the student wishes to appeal the final grade, he or she shall file a written grievance appealing the final grade to the dean of the college in which the class was taught. In the case of a graduate student, he/she will appeal to the Dean of Graduate Studies.
   1) The grade appeal must be filed within three business days after notification of the instructor’s decision and must include the following:
      a). A detailed description concerning specific points of dissatisfaction with the grade assigned.
      b). Any and all supporting documentation that demonstrates the occurrence of one or more of the above-listed grounds for appeal.
      c). A complete list of all potential witnesses including phone, email and other contact information.
      d). Specific action or remedy sought by the student to resolve this matter.
   2) The dean of the college will have 15 business days to evaluate the grade appeal request and determine appropriate action:
      a). Review the student’s grievance and gather any additional information from the student.
      b). Review the faculty member’s report and possibly confer with either the respondent or person responsible for enforcing the policy or procedure.
      c). Evaluate the grade appeal grievance request to determine if the appeal:
         1) alleges facts which, if true, would demonstrate a violation of university policy or regulations;
2) is appropriate for consideration by the Dean or if it should be referred to another hearing body for resolution (i.e., to a different college; or in the case of sexual harassment, job discrimination, etc. referred to a different administrative unit);

3) Contains information that a prima facie case exists and that the allegations appear to be substantially credible;

4) Addresses a violation which if true, results in a personal wrong to the grievant; and

5) Was filed in a timely manner.

d). If the grade appeal does not meet all of the above conditions, the appropriate dean of the college may terminate the grade appeal grievance and so notify the student and faculty member.

e). If the grade appeal meets all of the conditions, that administrator will seek to facilitate the resolution of the complaint.

1) The dean of the college will secure from all parties statements and such other information as he/she deems helpful and will issue his or her findings and remedies if any.

2) The decision will be based upon a preponderance of the evidence.

3) A conference may be scheduled with the parties involved to resolve the disagreement, if deemed appropriate by the dean of the college.

4) Within 15 business days of receipt of the appeal, the appropriate college dean will complete any consultation and shall notify in writing the grievant and respondent of his / her determination of the grievance and a summary of the findings.

The results of Final Grade Appeal grievances appealed to dean of the college (after being initiated with the course instructor at Level 1) are final and may not be further appealed.

d. Decisions of grade appeal grievances first initiated at the college dean’s level (at Level 2) may be appealed to the Judicial Appeals Board via the Senior Vice President for Student Affairs, Enrollment Management and University Administration. The student must appeal in writing within three business days after notification of the findings by the dean of the college. The Judicial Appeals Board will have 15 business days to review the grade appeal and render a decision. The decision of the Judicial Appeals Board reviewing a grade appeal grievance is final.

e. The Final Grade Appeal Grievance Process does not apply to grades resulting from academic dishonesty cases. Adjudication and appeals of academic dishonesty cases are handled through the Academic Misconduct Process delineated in a separate section of this handbook.

15.7 Nonacademic Student Grievance Procedures

a. Nonacademic grievances are complaints brought by students regarding a disagreement or unresolved dissatisfaction with a staff member, another student, student group or administrator (hereafter known as the respondent) in which the student alleges that he / she has been dealt with arbitrarily, differently or in ways which violate established laws, rules, procedures or past practices by the university as a whole or any unit or function thereof and in a manner that has caused harm to the student. Nonacademic student grievances can include but are not limited to the following types of allegations:

1) An alleged infringement upon the rights or sensibilities of an individual by a university employee, student or student organization.

2) A question about the interpretation or application of an administrative policy or procedure of the university.

3) An unresolved concern about a university program, service or activity.

4) Issues regarding financial assessments to a student including fees, charges and refunds by the university. Assessments that have been authorized by the State, the Board of Regents or university policy may not be appealed, but an appeal may be based upon the department’s administration and interpretation of Texas statutes, Regents’ policies or university policies.

b. The general policy regarding a nonacademic student grievance is to grant an opportunity to address an issue one level above the person whose action is being contested. Every possible effort should be made to resolve the grievance at the lowest level. The process may vary depending upon the area of concern but will generally involve several possible steps.

1) The procedure utilized shall provide for a prompt and fair consideration of the complaint.

2) If extenuating circumstances prevent either party from meeting the time frame stipulated while grievance proceedings are underway, all parties involved will confer and agree on an alternate schedule.

3) Proceedings are not judicial trials and formal rules of evidence shall not apply, but evidence submitted must be material and relevant to the issue under consideration.

4) Any person who brings a nonacademic grievance has the burden of proof and must provide documentation and evidence to support the allegation.

15.8 Steps for Redress of a Nonacademic Student Grievance
a. **Level One:**
The student discusses orally or in writing the problem or complaint with the person whose decision or action is being contested (respondent). After consideration of the request and in consultation with the department head, the respondent shall notify the student in writing of the decision regarding the complaint within ten business days of the meeting and/or notification of the nonacademic grievance. It shall also include information on the student’s right to appeal, the deadline and process for appeal and the name and address of the person responsible for receiving the appeal request.

b. **Level Two:**
If the complaint is not resolved, the student has three business days after notification of the respondent’s decision to appeal, in writing to the appropriate University unit director/administrator who oversees the area in which the complaint originated:

Please refer to the chart listed in section 15.3 of this handbook or consult with the Dean of Students Office for a referral to the appropriate office.

1. The student should file the nonacademic grievance in writing using the following guidelines:
   a. Identify the specific nature of the nonacademic grievance.
   b. Explain the grounds for the nonacademic grievance, and whether the basic justification for it is based on a claimed violation of a university rule, policy or established practice.

   d. Attach any supporting documents or evidence, names and contact information of witnesses and short statements summarizing the testimony that the witnesses may present.
   e. The remedy sought (i.e. explain how you would like to see it resolved? What do you want done?).

2. The appropriate University Administrator shall have 15 business days to evaluate the nonacademic grievance appeal request and determine appropriate action. The University Administrator shall evaluate the nonacademic grievance to determine if it meets the following criteria:
   a. Allege facts which, if true, would demonstrate a violation of university policy or regulations;
   b. Is appropriate for consideration by the administrator or if it should be referred to another hearing body for resolution (i.e., to a different college or in case of sexual harassment, job discrimination, etc. referred to a different administrative unit);
   c. Contains information that a *prima facie* case exists and that the allegations appear to be substantially credible;
   d. Addresses a violation which if true, results in a personal wrong to the grievant; and
   e. Was filed in a timely manner.

3. If the complaint **does not meet all of the above conditions**, the university administrator may terminate the nonacademic grievance and so notify the student.

4. If the complaint meets all of the conditions, the university administrator will seek to facilitate the resolution of the complaint.
   a. Review the student’s nonacademic grievance and gather any additional information from the student if needed.
   b. Review the administrative head’s report and possibly confer with either the respondent or person responsible for enforcing the policy or procedure.
   c. The University Administrator may at his or her discretion, meet with the student and/or respondent together or separately if deemed appropriate.
      1) The student and respondent must be given three days advance notice of any meeting.
      2) The failure of the complainant to appear without justifiable cause will result in the meeting proceeding as scheduled and the matter being resolved based upon the information available to the University Administrator.
      3) If the original nonacademic grievance was against a non-supervisory employee, responsibility for the defense of the contested actions shall rest with the employee’s supervisor. The employee may be called in as a witness.
   d. In consideration of the information provided, the burden of proof shall be upon the student to prove his or her case by a preponderance of the evidence; that it is more likely than not that the alleged actions/events occurred and that they constituted unfair treatment or a violation of policy.
   e. Within 15 business days of receipt of the appeal, the University Administrator will complete any consultation and shall notify in writing the grievant and respondent of his/her determination of the nonacademic grievance and a summary of the findings. The decision may consist of:
      1) A ruling in favor of the student and the student’s proposed resolution.
      2) A ruling in favor of the student with a new resolution; or
      3) A ruling not in favor of the student.

16.2 AIDS Policy
Senate Bill 959, passed in the 71st Texas Legislature, specifies that workplace guidelines be promulgated to assure that the rights and privileges of individuals infected with the Human Immunodeficiency Virus (“HIV”) are protected. Pursuant to that requirement and in recognition of the serious nature of HIV and related health issues in the work and learning environment, the following guidelines and policies are established for The Texas A&M University System (the “System”).

Human Immunodeficiency Virus cripples the body’s ability, through the immune system, to fight infection. Once infected with HIV, a person may remain without symptoms for a long period of time, but is able to infect others through sexual or direct blood contact. As the disease progresses, the immune system can become so weakened that a person may eventually develop life-threatening infections and cancers. Acquired Immune Deficiency Syndrome (“AIDS”) is the final stage of HIV infection.

16.3 Alcohol Policy
Texas A&M University-Kingsville is an educational institution dedicated to the pursuit of excellence, the promotion of academic achievement and the advancement of knowledge. Because of the university’s interest in the intellectual, physical and psychological
well-being of the campus community, it is important that the university take steps to curtail the abusive or illegal use of alcoholic beverages. Conner Museum, Mesquite Grove, Tailgate Area near Javelina Stadium, or other locations designated by the president.

2. University rules prohibit drinking or being in possession of any alcoholic beverage in public or private areas of University premises not approved for such activity; possession and/or consumption by a minor; furnishing alcohol to a minor; use, possession, or distribution of alcoholic beverages while driving or riding in or on a vehicle on university premises is prohibited; individual may not be in a state of public intoxication or drunkenness; individuals may not operate a motor vehicle or another form of transportation while intoxicated or while under the influence of alcohol.

3. Residence Hall students who are 21 years of age may consume alcohol beverages only within their rooms but are expected to do so in moderation and without infringing on other residents’ rights to privacy, sleep and study. Individuals may not possess excessive amounts of alcohol.

4. Possessing excessive amounts of alcohol, and/or furnishing or serving from a common source of alcohol (i.e., kegs, mini-kegs, beer balls, etc.) in the residence halls is prohibited in apartments, suites, and/or individual rooms. Sanctions apply to all students (residents and non-residents) present at the time of the infraction and/or to all students (residents and non-residents) who were involved in any way in planning or hosting an event at which a common source or bulk container is provided. In addition, empty cans, kegs, mini-kegs, beer balls, and/or any tapping devices are not permitted in any apartment, suite, or individual room for any purpose, including use as decorations and/or furnishings. (Refer to University Housing & Residence Life Guidebook for additional rules.)

5. Objects and drinking apparatuses or methods that promote irresponsible binge consumption of alcohol, which include, but are not limited to, funnels, beer bongs, beer pong tables, or drinking games are prohibited at all times on university premises. All individuals present at the time of the infraction may be charged for a policy violation.

6. Recognized student organizations and student groups must comply with the Alcohol Policy and university alcohol use guidelines for student organizations. Failure to comply may lead to suspension or expulsion of the organization or group, restrictions or revocation of campus privileges, or other lesser sanctions listed in the Student Code of Conduct. (Refer to the Student Organization Manual for specific rules).

Individuals not in compliance with the alcohol policy are subject to arrest and/or citation by the University Police Department. The offending student or organization will also be subject to university disciplinary action and sanctions commensurate with the offense and any aggravating or mitigating circumstances.

The Drug Free Schools and Communities Act requires, as a condition of receiving any federal funding or other financial assistance, that an institution of higher education certify it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol for students and employees on school premises and as a part of its activities. The University publishes a Biennial Review of alcohol and other drug programs and existing alcohol abuse and drug use policies. With the proliferation of wireless enabled devices it is necessary to standardize the delivery of wireless network access to promote and maintain the security of the Texas A&M University-Kingsville network. The purpose of this procedure is to establish rules for governing wireless networking at TAMUK. This procedure limits interference with the University's network infrastructure, promotes greater security in campus networking, and supports the academic mission of the University in order to provide reliable and secure wireless network access.

**Institutional Policies Addressing Unauthorized Peer-to-Peer File Sharing**
Texas A&M University - Kingsville respects the rights of copyright owners and their representatives and is committed to implementing procedures and practices to support these rights without infringing upon the legal use of copyrighted materials.

In using the university’s information resources, users expressly consent to university monitoring for these purposes and if possible evidence of criminal activity is identified, the university administration may provide that evidence to law enforcement officials. In addition, all members of the university community are to be aware that intellectual property laws extend to the electronic environment. Users should assume that works communicated through the computer network are subject to copyright laws, unless specifically stated otherwise.

**Peer-to-Peer (P2P) file sharing software** can share copyrighted material from your computer, possibly without your knowledge. Anti-piracy scanners target universities to catch users who violate the Digital Millennium Copyright Act. There are potentially severe penalties for copyright infringement including but not limited to, university sanctions, fines up to $250,000, and imprisonment for up to five years.

If the university receives a claim of copyright infringement, it will be forwarded to the identified student. If you receive notice, you must delete any media you are not licensed to have, and stop sharing any media that you do not have permission to share. The Dean of Students will address all claims against students sharing copyrighted material illegally and may impose sanctions.

**How You Can Stay Safe**

**16.6 Disruption of Business Activities Policy**
Disorderly conduct which disrupts or impairs the business operation of the university or that interferes with any university-owned or controlled property, including all campus buildings (offices, lobbies, hallways, administrative spaces, adjoining courtyards, stairwells, other campus venues) and parking lots, is prohibited. Disorderly conduct on university premises is defined as:
1. Using abusive, indecent, profane, or vulgar language; or
2. Making offensive gestures or displays; or
3. Abusing or threatening a person in an obviously offensive manner; or
4. Sound disruption or inappropriately aggressive behavior within an office, administrative space or other campus venue such as voice levels or intimidating attitude inconsistent with office behavior, profanity, belligerent conduct through physical evidence of anger, invasion of personal space, slamming doors, throwing objects, or assault; or

The University Police Department will respond to complaints and request that the offending behavior desist. Persons refusing to cooperate may be cited for violation of this policy and applicable State statute and reported to the Dean of Students. Offenders will be subject to disciplinary action.

**16.7 Drug Policy**
Texas A&M University-Kingsville strives to assist students in achieving their potential as human beings and in becoming self-directed in all activities. Because growth and development are shaped by a student’s experience, the university seeks to develop an environment where students can learn how to live fulfilling and productive lives. Substance abuse disrupts this environment and threatens not only the lives and well-being of our students, faculty and staff but also their potential for contribution to society. It is important for all members of the university community to take responsibility for preventing substance abuse from negatively affecting
the community’s learning environment and the academic, physical and emotional well-being of its membership. In recognition of the problems of substance abuse, members of the university community have developed a university-wide drug policy. These policies deal with education, prevention, intervention and treatment activities as well as disciplinary sanctions for those found in violation of the policy. The university has established comprehensive substance abuse prevention programs to help eliminate the threat that substance abuse poses. Through education, the university is committed to helping individuals achieve their personal and academic goals.

I. Legal Aspects and Consequences Concerning Controlled Substances and Illegal Drugs
All members of the university community are expected to abide by local, state and federal laws pertaining to controlled substances and illegal drugs. More specifically, the Texas A&M University-Kingsville Student Code of Conduct prohibits “manufacturing, possessing, having under control, selling, transmitting, using or being party thereto any illegal drug, controlled substance or drug paraphernalia on university premises or at university-sponsored activities.”
The term “controlled substances,” when used in this policy, shall refer to those drugs and substances whose possession, sale or delivery results in criminal sanctions under the Texas Controlled Substance Act (Texas Civil Statutes, Article 4476-15), as well as substances that possess a chemical structure similar to that of a controlled substance (e.g., “designer drugs”).

II. Education, Prevention and Referral for Treatment
Texas A&M University-Kingsville is committed to providing comprehensive drug education and prevention as well as early intervention and treatment referral services. Student Health and Wellness provides a broad-based educational program to assist in the prevention of substance abuse.

The university realizes the importance of treatment services in assisting faculty, staff and students to overcome substance abuse problems. Assessment and intervention services are available through Student Health and Wellness. If further treatment is necessary, the student may be referred to outside counselors and programs.

III. University Disciplinary Process
University disciplinary charges may be pursued against faculty, staff and students alleged to have violated university regulations and/or local, state and federal laws concerning controlled substances. Violations of any local, state or federal law pertaining to controlled substances that occur off campus and are not associated with a university-connected activity may result in disciplinary charges in situations in which the continued presence of the individual on campus is likely to interfere with the educational process and the orderly operation of the university.

University disciplinary proceedings will be in accordance with procedures outlined in the Student Code of Conduct and university policy (faculty and staff). Voluntary admission to a substance abuse treatment program prior to the issuance of charges may be looked upon favorably in disciplinary cases. Disciplinary action in cases involving serious drug-related violations will result in suspension, dismissal or expulsion from the university, depending on the nature and seriousness of the case. Participation in a substance abuse education or treatment program may be required in addition to other sanctions. Any disciplinary action imposed by the university may precede and be in addition to any penalty imposed by an off-campus authority.

16.8 False Alarm or Report
Knowingly initiating, communicating or circulating a report of a present, past, or future bombing, fire, offense, or other emergency that is false or baseless and that would ordinarily: cause action by an official or volunteer agency organized to deal with emergencies; place a person in fear of imminent serious bodily injury; or prevent or interrupt the occupation of a building, room, place of assembly, place to which the public has access, or aircraft, automobile, or other mode of conveyance. A violation of this section is punishable as a Class A misdemeanor (fine not to exceed $4,000; confinement in jail for a term not to exceed one year; or both such fine and confinement) unless the false report is of an emergency involving a public or private institution of higher education or involving a public primary or secondary school, public communications, public transportation, public water, gas, or power supply or other public service, in which event the offense is a state jail felony (confinement in a state jail for any term of not more than two years or less than 180 days; in addition to confinement, an individual adjudged guilty of a state jail felony may be punished by a fine not to exceed $10,000.)
a. A person commits an offense if he knowingly initiates, communicates or circulates a report of a present, past, or future bombing, fire, offense, or other emergency that he knows is false or baseless and that would ordinarily:
   1) cause action by an official or volunteer agency organized to deal with emergencies;
   2) place a person in fear of imminent serious bodily injury; or
3) prevent or interrupt the occupation of a building, room, place of assembly, place to which the public has access, or aircraft, automobile, or other mode of conveyance.

b. An offense under this section is a Class A misdemeanor unless the false report is of an emergency involving a public or private institution of higher education or involving a public primary or secondary school, public communications, public transportation, public water, gas, or power supply or other public service, in which event the offense is a state jail felony.

16.9 General Expressive Activity

I. General Expressive Activity Information

Texas A&M University-Kingsville is committed to providing an educational and work climate that is conducive to the personal and professional development of each individual. In fulfilling its mission as an institution of higher learning, it encourages the free exchange of ideas. The university will protect the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution. Texas A&M University-Kingsville maintains its right to regulate reasonable time, place and manner restrictions concerning acts of expression and dissent.

As a public institution of higher learning, Texas A&M University-Kingsville provides forums for the expression of ideas and opinions. These include:

- Traditional public forums include the University’s public streets, sidewalks, and similar common areas. These areas are generally available for expressive activity, planned or spontaneous, for the individual or small groups (generally where a crowd of 25 or less will be present, and/or where an event is not promoted in advance, and/or when an event is not sponsored by a student organization) at any time without the need for reservation, or prior approval. (Obstructing or impeding the flow of vehicular or pedestrian traffic is prohibited.)

- Designated public forums include other parts of campus that may become temporarily available for expressive activity as designated by the university. These temporary locations, while in existence, will be treated similar to public streets, sidewalks, and similar common areas in terms of access and availability for expressive activity. (Obstructing or impeding the flow of vehicular or pedestrian traffic is prohibited.)

- Limited public forums have limited open access for public expression, or they may be limited to particular groups or to particular topics. Creation of, and access to, limited public forums for student publications may be requested through the office of the Dean of Students. Examples include, but are not limited to, auditoriums and meeting rooms available to the public, and athletic facilities during events. Non public forums are areas that are not traditional public forums or designated public forums. These include areas that are not by tradition or designation forums for public communication. These forums will be restricted to use for their intended purpose and are not available for public expressive activity. Examples include, but are not limited to, classrooms, residence hall rooms, faculty and staff offices, academic buildings, administration buildings, libraries, and research and computer laboratories. Commercial speech, if permitted in non-public forums, is limited to designated locations, such as designated bulletin boards or tables designated for distribution of commercial activity. The availability of these areas will be clearly marked. Additionally, security needs, terror alerts, local and national events may affect the availability of spaces that would otherwise be routinely available. Information about existing requirements, restrictions, or security concerns will be discussed at the time the reservation request is processed.

Those who choose to observe and/or listen to expressive activities, bear the responsibility of recognizing and honoring the right of free speech. Any acts that are disruptive to the normal operations of the university, including classes and university business, or that invade the rights of others will not be tolerated. Faculty, staff, and students engaging in a disruptive activity may be subject to disciplinary action. Any participant in a disruptive activity may face criminal charges.

Ideas or expressions put forth in expressive activities are not necessarily the views of Texas A&M University-Kingsville, its officers, administrators, or leaders, unless otherwise noted.

II. Reservable Free Speech Areas

The Pavilion on the north side of the Memorial Student Union Building is the primary reservable free speech areas and will be reserved at the request of students and non-students for expressive activity. Other locations are available upon request. The act of confirming a reservation will ensure the availability of space. A reservation is not required, except as described in section III.

_Pavilion Area_—space between Memorial Student Union Building and the Biological and Earth Sciences Building. Sound equipment is allowed and is available for use in this area. Sound equipment must be reserved in advance through the Event Planning Office, and may incur small fee. The volume of any sound equipment must be kept at a level that would not interfere with any academic or other program taking place in nearby buildings.
III. Advance Reservation Requirements
In an effort to ensure safety and to promote an environment conducive to study, advanced reservation for expressive activity is required (in the form of an approved Reservation Request for Space) for events or activities that are promoted in advance and/or events that are expected to draw a crowd of more than 25 people. Advance reservation is also required for activities near intersections, and/or in close proximity to academic buildings anytime classes, and/or study activities, and/or research are taking place.

IV. Reservation Procedures
Individuals or groups who wish or that are required (see section III) to make advance reservation shall request use of the space through the Event Planning Office on the second floor of the Memorial Student Union Building. If advance reservation is required, (see section III) requests must be made at least three days in advance of the event. Additional collaboration and coordination may be required from a building/space manager/proctor. Usually use of the space will be assigned to the person or organization that requests the area first. University sponsored events have first priority on the use of campus facilities. The university reserves the right to locate any assembly so as to ensure that the activity does not interfere with the normal operation of the university or interfere with the rights of others.

The decision to confirm a request for space will be based on proper and timely completion of the Event Planning reservation process, compliance with applicable sound and sign requirements, and availability of space. The decision to confirm will be based on the foregoing criteria, and in no circumstance will any decision be based on the content or viewpoint of the expressive activity or upon the expected reaction of others. If a request is denied, the rationale for the decision will be provided in writing. The denial of a reservation request can be appealed to the Senior Vice President for Student Affairs, Enrollment Management and University Administration, or their designee.

At the time of the request the following information will be required:

- Name and contact information of the person or organization sponsoring the event.
- Contact information for one individual who will be present during the course of the event.
- Location, date and time requested for the event.
- General purpose of the event.
- List of planned activities (i.e. speech or rally, march with signs, distribution of literature, sit-in).
- Special equipment requested.
- Anticipated attendance.

For recognized student organizations, an officer of the sponsoring organization must be present at the event, and during the entire course of the event.

16.10 Hazing Policy

Hazing is a criminal violation under Texas law. A person can be found guilty of criminal conduct for hazing, encouraging hazing, permitting hazing or having knowledge of the planning of hazing incidents and failing to report in writing his / her knowledge to the Dean of Students. An organization commits hazing if the organization condones, encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization commit or assist in the commission of hazing. It is not a defense to prosecution of an offense under this policy that the person against whom the hazing was directed consented or acquiesced in the hazing activity.

Hazing means any intentional, knowing or reckless act occurring on or off the campus of an educational institution, by one person or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization. The term includes but is not limited to:

1. Any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
2. Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
3. Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
4. Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or institution, rather than submit to acts described in this policy.
5. Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the penal code.
6. Texas A&M University-Kingsville also defines hazing to include:
   a. Misuse of authority by virtue of one’s class rank or leadership position;
   b. Any form of physical bondage of a member (including but not limited to, having prospective members perform personal chores or other tasks under threat of negative repercussions, blindfolding and/or parading individuals, requiring members to carry items or perform activities meant to punish, discomfort or embarrass members; etc.)
   c. Road trips (taking a student to an outlaying area and dropping him/her off); compelling a person or group to remain at a certain place; transporting a person anywhere without their consent (kidnapping).
   d. Performing physical exercise (sit-ups, push-ups, crab walk, elephant walk, etc.) except in the case of organized sports activities.
   e. Expecting participation in an activity that is in violation of the Student Code of Conduct (stealing, defacing or trashing property, assigning or endorsing pranks, etc.)

Incidents of hazing should be reported to the Dean of Students. For a detailed list of conduct which constitutes hazing and the entire hazing policy please refer to the website.

16.11 Lost and Found/Abandoned Property

16.12 Motor Vehicle Operation/Parking Policy
http://www.tamuk.edu/finance/upd/parking.html

The operation of a motor vehicle on the Texas A&M University-Kingsville campus is a privilege granted by the university rather than a right.
1. All faculty, staff and students, who operate or expect to park and/or operate a vehicle on university property, regularly or occasionally, are required to register those vehicles with the University Police Department and to obtain a parking permit assigning a designated parking area or areas.
2. A parking permit is not a guarantee of a parking space. Each vehicle operator is responsible for finding a legal parking space. Lack of space is not a valid excuse for violation of any parking regulation. The mere fact that citations are not issued for any offense does not indicate that the regulations or laws have been modified to exclude that offense.
3. When a person is charged with violating any provision of these regulations, proof that the vehicle was, on the date of the offense, bearing a valid university parking permit is prima facie evidence that the holder of the permit committed the violation. However, if the vehicle does not bear a valid parking permit, proof that the vehicle, on the date of the alleged offense, was owned by an individual or connected to an individual that is affiliated with the university through registration address, is prima facie proof that the owner committed the violation.
4. Individuals with unpaid violation charges recorded in their names, including those from previous semesters are ineligible to receive a parking permit until those charges have been paid.
5. The legal speed limit on the Texas A&M University—Kingsville campus is 20 miles per hour, unless otherwise posted. Speed limit in the university parking lots is 10 miles per hour.
6. Parking and Traffic regulations are enforced 24 hours a day, seven days a week.
7. Faculty/Staff parking lots and spaces are reserved from 6:00 a.m. to 6:00 p.m. on business days.
8. On special occasions and in emergencies, the University Police department may temporarily close any campus parking area on facility or limit parking and traffic as required by circumstances.
9. The university reserves the right to immobilize (boot-lock), impound, or remove any motor vehicle on the premises of the Texas A&M University—Kingsville campus at the owner’s expense. Please refer to the Parking and Traffic Regulations on the parking website for more information on immobilization, impounding, removal, or parking violation fees.

B. Each academic department will have a designated bulletin board for general postings. Individuals or organizations posting materials inside of campus buildings must observe all posting guidelines specific to that building or department.
C. Posting is not permitted on windows, doors, walls, columns, outdoor furniture, trashcans, trees, parked cars, or street signs without special approval of the Student Activities or Event Planning. notices. Use thumbtacks and not staples.
E. Outdated materials are to be removed by the sponsoring group or individual.

Departmental Postings
Departmental postings may be placed in designated departmental bulletin boards as well as all bulletin boards across campus. Departments posting materials inside of campus buildings must observe all posting guidelines specific to that building or department.

Commercial Postings
All external commercial business postings must be reviewed and approved by the Student Activities or Event Planning. Student Activities staff will inform the business of the appropriate locations for commercial postings.

16.14 Privacy of Student Records: FERPA Policy
The Family Educational Rights and Privacy Act of 1974 is a Federal Law states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the university receives a request for access. A student should submit to the registrar, dean, head of the academic department or other appropriate official, written requests that identify the records(s) the student wishes to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

If the university decides not to amend the record as requested, the university will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the University discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic or research or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill her/his professional responsibilities for the University.

Upon request, the university discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.

16.19 Student Travel
In compliance with state law and System Policy, submission of student travel paperwork at least 5 business days in advance of the date of departure is required of any student who travels more than 25 miles from campus to an activity or event that is organized or sponsored by the University (including all class travel and field trips), funded by the University, using a vehicle owned or leased by the University; or travel required by a student organization registered at the University. Information on domestic student travel procedures is located at: http://www.tamuk.edu/dean/travelprocedures.html

All international travel paperwork must be coordinated and submitted thorough the Office of International Scholars and Services in Cousins Hall. International student travel procedures are available online at http://www.tamuk.edu/intpro/Travel/index.html

16.20 Video Surveillance
Video surveillance at the University plays an ever increasing role in the total security package that the University is able to provide for the students, faculty, staff, and visitors. The University maintains and monitors a comprehensive video surveillance system.

16.21 Weapons and Campus Carry Policy
Texas A&M University-Kingsville strives to provide a safe and secure environment for its students, staff and faculty. Texas A&M University-Kingsville prohibits the possession or storage of any weapons, fireworks or explosives on university premises or at any university-sponsored activity, except in the following cases: law enforcement personnel engaged in the official performance of their assigned duties; approved university experiments and/or projects; transporting of firearms to and from a place of storage on campus;
TAMUK ROTC; and other approved academic use. The term “weapons” may be defined as any object or substance designed to inflict a wound, cause injury or incapacitate.

The university prohibits the possession of the following items on any Texas A&M University-Kingsville campus or university sponsored event, these include but are not limited to:

- Handguns, revolvers, pistols, BB guns, pellet guns, etc.
- Chemical weapons and/or explosives (including bullets or fireworks)
- Location-Restricted Knives, bows and arrows; slingshots
- Martial arts weapons

Simulated or toy weapons that look like real weapons are similarly prohibited on campus unless approved in advance for a special university event. University officials encourage anyone who has or owns any weapon to contact the University Police Department to arrange for storage of such items. The University police department will secure all weapons providing a receipt for items stored, each item will be checked for status and before the item is returned, a criminal history check will be conducted. All requests, exceptions and interpretation of this policy will be managed by the University’s Chief of Police. (593-2611)

**Unlawful Carrying Weapons, Texas Penal Code, Chapter 46.0:** A person commits an offense if the person intentionally, knowingly, or recklessly carries on or about his or her person a handgun, location-restricted knife, or club.

**Prohibited Weapons, Texas Penal Code, Chapter 46.05:** A person commits an offense if the person intentionally or knowingly possesses, manufactures, transports, repairs, or sells: an explosive weapon; a machine gun; a short-barrel firearm; or a firearm silencer; knuckles; armor-piercing ammunition; a chemical dispensing device; a zip gun; or a tire deflation device.

**Texas Campus Concealed Carry Law, Senate Bill 11 and Texas A&M University-Kingsville**

On June 1, 2015, Texas Governor Greg Abbott signed Senate Bill 11 into law. This law, effective August 1, 2016, authorizes a handgun license holder to carry a concealed handgun on the campus of an institution of higher education, subject to the institution’s rules adopted in accordance with this act. “Campus” includes all land and buildings owned or leased by the institution. The “open carry” of handguns on the Texas A&M University-Kingsville premises is against the law.

Quick Facts related to the Campus Concealed Carry Law:

To be a licensed handgun holder, a person must be 21 years old and take/pass the concealed handgun class that is regulated by the Texas Department of Public Safety (DPS). A first-time Concealed Handgun License (CHL) applicant must complete four to six hours of classroom training, pass a written examination and pass a proficiency demonstration (shooting). All classroom and proficiency must be conducted by a CHL instructor certified by the DPS.

**Carrying concealed handguncs on campus (Campus Rule 34.06.02.k1)**

This rule is established pursuant to Texas Government Code 411.2031.

1. The President of Texas A&M University-Kingsville (TAMUK) established this rule after consulting with Texas A&M University-Kingsville students, staff and faculty about the nature of the student population, specific safety considerations, and the uniqueness of the campus environment. This rule has been reviewed and approved by the system board of regents, as required by law.

2. A handgun license holder under Chapter 411, Texas Government Code, may carry a concealed handgun on or about the license holder's person while the license holder is on the TAMUK campus or in a TAMUK vehicle, unless prohibited by state or federal law, or this rule. The open carrying of a handgun on campus is prohibited. Licensed peace officers are authorized by law to carry firearms at all times.

3. TAMUK enforces state law regulating firearms on campus. This enforcement occurs in two ways. First, university police or other applicable law enforcement agencies will investigate and take appropriate action, including referral for criminal prosecution when violations occur. Second, Texas A&M University-Kingsville will consider any violation of state law regulating firearms to be a violation of Texas A&M University-Kingsville rules. Accordingly, such a violation is subject to disciplinary action under rules applicable to students, faculty, and staff.

   a. This section applies to residence halls or other residential facilities located on campuses that are owned by Texas A&M University-Kingsville.
b. Any resident student that is a Concealed Handgun License Holder who wishes to store their handgun in their residence hall room:
   i. Must provide a safe that is intended and made for the storage of handguns. Inspection and installation of a safe must go through the Department of University Housing & Residence Life; or   
   ii. Concealed Handgun License Holders may apply for a safe through the Department of University Housing and Residence Life which will oversee the installation.

5. Rules Applicable to Carrying a Concealed Handgun on Campus
   a. State Law Prohibitions
      A license holder is responsible for complying with the applicable state law prohibitions. See http://assets.system.tamus.edu/files/policy/pdf/Appendix-Texas-Statutory-Prohibitions.pdf for state law prohibitions.
   b. Federal Law Prohibitions
      A license holder is responsible for complying with the applicable federal law prohibitions.
   c. Other Prohibited Campus Locations
      A license holder is also prohibited from carrying a concealed handgun in the following campus premises:
      1. The President has prohibited carrying a concealed handgun in:
         a. Academy High School;
         b. Marc A. Cisneros Center for Young Children;
         c. University Speech and Hearing Clinic;
         d. University Child Literacy Laboratory;
         e. Premises on which UIL and Interscholastic events hosted by the University where minors are the primary attendees/audience (band camp, sports camps, engineering day, leadership conferences, etc.);
         f. Campus laboratories that have in their bounds compressed gas cylinders, flammable organic solvents, flammable liquids, or unstable (reactive) chemicals;
         g. The Student Health & Wellness Center (medical/counseling facility);

         j. Third (3rd) floor, Irma Rangel College of Pharmacy building. All pharmacy labs are located on this floor and compressed gas and flammable liquids are located throughout this entire floor/laboratory complex.

         l. The Student Recreation Center.
   2. Any premises where the university, as directed or approved by the president as necessary for campus safety, gives effective notice on a temporary basis pursuant to Section 30.06, Penal Code. For this rule, the term “owner of the property” in Section 30.06(b), Penal Code, means the president of the university. No university employee is “someone with apparent authority to act for the owner” for purposes of Section 30.06(b), Penal Code. All notices under Section 30.06, Penal Code, will be institutional notice, conform to Sections 46.03 and 46.035, Penal Code, and apply equally to all handgun license holders.
   6. At all premises where concealed carry is prohibited, TAMUK must give effective notice under Section 30.06, Penal Code.
