Dr. Dazhi Sun

Publications

Sun, D., R. Benekohal, and H. Estrada, Comparative Analysis of the Attitude and Behavior of Young Drivers' Use of Two-way Two-lane Highways, Journal of Advances in Transportation Studies, 15(B), pp.75-84, 2008

Sun, D., J. Lv and S. T. Waller, Theoretical and Practical Applications of Computational Fluid Dynamics (CFD) Approach to Transportation Studies: Shockwaves, Queue/Platoon Distribution, and System Performance Monitoring, the 87th Annual Conference of Transportation Research Board (TRB) of the National Research Council, No. 08-1107, CD-ROM, Washington DC. January 2008

Sun, D., J. Lv and L. Paul, Calibrating Passenger Car Equivalent (PCE) for Highway Work Zones using Speed and Percentage of Trucks, the 87th Annual Conference of Transportation Research Board (TRB) of the National Research Council, No. 08-1115, CD-ROM, Washington DC. January 2008

Sun, D., J. Lv, and A. Jia, Sustainable Transportation Planning and Project Evaluation using Multiple Criteria Decision Making, the proceedings of the 11th World Conference on Transportation Research, Berkeley, CA, 2007

Sun, D., R. Benekohal, and M. Girianna, GIS-based Intersection Inventory System (GIS-IIS) - Integrating GIS, Traffic Signal Data and Intersection Images, technical report for Illinois Department of Transportation, Civil Engineering Studies - Transportation Engineering Series No.136 -Traffic Operation Lab Series No.15, February 2005

Sun, D., R. Benekohal, and S. T. Waller, Multi-Objective Evolutionary Algorithms for Intersection Signal Timing Optimization, the 83rd Annual Conference of Transportation Research Board (TRB) of the National Research Council, No. 04-5156, CD-ROM (Washington DC, January 2004)

Sun, D., R. Benekohal, Analysis of Car Following Characteristics for Estimating Work Zone Safety, the 83rd Annual Conference of Transportation Research Board (TRB) of the National Research Council, No.04-4883, CD-ROM (Washington DC, January 2004)

Sun, D., S. Ukkusuri, R. Benekohal, and S.T. Waller, Modeling Driver-Pedestrian Interaction at Uncontrolled Mid-block Crosswalks, the 82nd Annual Conference of the Transportation Research Board (TRB) of the National Research Council, No. 03-3340, CD-ROM (Washington DC, January 2003)

Sun, D., R. Benekohal, Modeling and Simulation of Pedestrian-Motorist Interaction at Uncontrolled Mid-Block Crosswalks, the proceedings of ITE 2003 Technical Conference, CD-020 (Ft. Lauderdale, FL, March 2003)
