

TAMUK STUDENT VDI ACCESS

INSTRUCTIONS FOR WINDOWS & MAC OS

Before you start

Note the following

- 1.) The maximum length of time for a single VDI Session is 10 hours (600 minutes). Your session will automatically be logged out if it reaches this threshold.
- 2.) The inactivity timer per session is 1 hours (60 minutes). If your session has been inactive (no input from user) for 60 minutes then it will automatically be logged out.
- 3.) Each user can access only 1 VDI session at a time - no simultaneous sessions.
- 4.) If you do not need to be connected – please be considerate and log out.
- 5.) Save your work to your home PC or to a flash Drive. You cannot save to the VDI Desktop as once the session is logged out – that work will no longer be available.

Loading the TAMUK VDI Horizon Client

The Horizon VDI client can be downloaded from <https://vdi.tamuk.edu>

You should see the page below in your browser – Do not attempt to Sign In with your Username and Password. Click on “Download the Horizon Client for Windows 64” as shown below.

On the next page, select “Go to Downloads” for the client that applies to your situation. (Windows, MAC, etc).

Download VMware Horizon Clients

Select Version: **5.0** ▼

VMware Horizon Clients for Windows, Mac, iOS, Linux, Chrome and Android allow you to connect to your VMware Horizon virtual desktop from your device of choice giving you on-the-go access from any location.
