Receiving

Table of Contents

What is receiving?

- Receiving is how the department acknowledges that the goods/services have been received
- Receiving is how the department provides the date that the goods/services were received
- Receiving also provides the approval to release the payment for payment for matching items

When should receiving be completed?

- Receiving should ONLY be completed when the goods/services have actually been received
    - Invoices will not match for payment until the receiving has been completed

When should a Cost Receipt be done?

- Cost receiving should ONLY be used when billing will be for percentage completed
    - Example: A lab is being renovated and the total cost is $100,000 but the vendor will invoice each month for the percentage that is completed
- Cost receiving should NOT be done when the quantity ordered is greater than 1

Why would I cancel an item?

- Cancel receipts should ONLY be completed when you will never be invoiced for the item
- Cancel receipts cancel the item from the order
- Cancel receipts release the encumbrance
- Cancel receipts CANNOT be undone
