

# What-If Audits

**What-If Audits** allow you to process projective degree audits using your class history. If you are contemplating changing your major, are undeclared, or your degree plan information on the audit is not correct, you can use this format to see where you stand in your projective degree change.

The screenshot shows a web interface with tabs for 'Worksheets', 'Planner', and 'GPA Calc'. Under 'Worksheets', there is a 'Format:' dropdown set to 'Student View' and a 'Process What-If' button. Two checkboxes are checked: 'Include in-progress classes' and 'Include preregistered classes'. The 'What-If' section has dropdowns for 'Level' (Undergraduate), 'Degree' (Bachelor of Business Admin), and 'Academic Year' (2011-2012). Below this is a section titled 'Choose Your Different Areas of Study' with a text input field and a 'Remove' button. Further down are dropdowns for 'Program', 'Major', 'Minor', and 'Concentration', each with a 'Pick a...' placeholder.

To generate a **What-If Audit**, select the level, degree, catalog year, major, minor, and concentration (if applicable) that you would like to audit your class history against, in the drop-down menus provided.

This screenshot shows the same interface as above, but with a dropdown menu open for the 'Program' field. The menu lists various degree programs such as BA Arts, BA Biology, BA Chemistry w/Certification, BA Communication-Journalism, BA Communication-Speech, BA English, BA English-Certification, BA History, BA History-Certification, BA History-Comp Soc Stud Cert, BA Mathematics, BA Mathematics-Certification, BA Physics, BA Political Science, BA Psychology, BA Sociology, BA Spanish, BA Spanish-Certification, BA Speech-Certification, BA Theatre Arts, BA Theatre Arts-Certification, BFA Arts, BM Music Cert-Instrumental, BM Music Cert-Vocal, BM Music Perf-Instrumental, BM Music Perf-Vocal, BS Biology, BS Biology-Certification, and BS Chemistry. The 'Program' dropdown is currently set to 'Pick a Program'.

Once the selections appear on the right window, click the **Process What-If** button.

The screenshot shows a web-based planning tool with a top navigation bar containing 'Worksheets', 'Planner', and 'GPA Calc'. Below this, there are several sections:

- Worksheets:** Includes a 'Format:' dropdown set to 'Student View' and a 'Process What-If' button circled in red. To the right are two checked checkboxes: 'Include in-progress classes' and 'Include preregistered classes'.
- What If:** A section with a right-pointing arrow, containing three dropdown menus: 'Level' (Undergraduate), 'Degree' (Bachelor of Business Admin), and 'Academic Year' (2011-2012).
- Look Ahead:** A section with a right-pointing arrow.
- Choose Your Different Areas of Study:** A section with a title bar. It contains a list of selection options on the left: 'Program' (Pick a Program), 'Major' (Pick a Major), 'Minor' (Pick a Minor), and 'Concentration' (Pick a Concentration). On the right is a text box labeled 'Chosen Areas of study' containing the text: 'PROGRAM: Bach of Bus Admin\_Accounting' and 'MAJOR : Accounting'. Below this text box is a 'Remove' button.

When selecting the criteria for a **What-If Audit**, make sure the proposed combinations are valid. (Ex: A major in Accounting can only be completed with a Bachelor of Business Administration Accounting degree, so selecting a Bachelor of Arts in the degree field will display an error and will not process a **What-If Audit**.)
