Texas A&M University-Kingsville
Development of Technology & Infrastructure for a 21st century CNG/LNG Driven Economy

City of Cotulla Convention Center
290 North Interstate Highway 35
October 27, 2015 | 9:00 AM—4:00 PM

Texas A&M University-Kingsville will host a one-day symposium on compressed (CNG) and liquefied (LNG) natural gas, on October 27th in Cotulla, Texas. The symposium will focus on innovative technologies and infrastructure needs to develop regional and global supplies of CNG/LNG for a 21st century natural gas driven economy. The symposium will outline key aspects of a vision for modern CNG/LNG processing and delivery systems throughout the U.S. The program will focus on the following core areas:

**CNG/LNG Economics and the Environment**
- CNG/LNG and air quality
- CNG/LNG and sustainability
- National Clean Fleets Partnership
- Gas price forecasting
- Export of LNG

**CNG/LNG Innovation**
- Gas cleaning and processing
- CNG and LNG safety systems
- New delivery systems (vehicle verification & fast fill)
- New CNG/LNG engine systems

**Early Registration fee is $200 due by September 21st**
**Late registration after September 21st $250 and on-site registration will be $400**

**Exhibit booth space and sponsorship opportunities are available.**

If you have any questions please contact
