

Evaluation of **Engineering** Senior Design Project Report by Faculty

Project Title: _____

	4-Excellent	3-Good	2-Satisfactory	1-Unsatisfactory
Engineering Standards Score <input type="text"/>	<ul style="list-style-type: none"> Project identifies the appropriate engineering standard used and documents in detail how the standard is applied to the project. 	<ul style="list-style-type: none"> Project identifies an engineering standard used in the project and documents to some extent how the standard is applied to the project. 	<ul style="list-style-type: none"> The engineering standard used is not appropriate to the project and does not clearly explain how it is applied in the project. 	<ul style="list-style-type: none"> Project does use any engineering standard in the project.
Multiple Constraints Score <input type="text"/>	<ul style="list-style-type: none"> Project incorporates multiple constraints (such as public health, safety and welfare, as well as global, cultural, social, environmental, and economic factors) and describes in detail how it impacts design. 	<ul style="list-style-type: none"> Project incorporates multiple constraints (such as public health, safety and welfare, as well as global, cultural, social, environmental, and economic factors) and somewhat describes how it impacts design. 	<ul style="list-style-type: none"> Project incorporates multiple constraints (such as public health, safety and welfare, as well as global, cultural, social, environmental, and economic factors) but does not describe how it impacts design. 	<ul style="list-style-type: none"> Project does not incorporate any constraint or incorporates only one constraint and does not describe how it impacts design.
Project Report Score <input type="text"/>	<ul style="list-style-type: none"> Project report has no misspelled words. The report is well organized. Sentences are complete and grammatical. 	<ul style="list-style-type: none"> Project report has one or two misspelled words. The report is organized. For the most part, sentences are complete and grammatical. 	<ul style="list-style-type: none"> Project report has few misspelled words. The report is not well organized and is confusing. In a few places, sentences are incomplete with grammatical errors. 	<ul style="list-style-type: none"> Project report has many misspelled words. The report is not well organized and is disjointed. There are many errors in sentence structure and grammar.
Figures, Tables, and Equations Score <input type="text"/>	<ul style="list-style-type: none"> Figures, tables, and equations in the project report are accurate, consistent with the text, and are of good quality. 	<ul style="list-style-type: none"> In most cases, figures, tables, and equations in the project report are accurate, consistent with the text, and of good quality. 	<ul style="list-style-type: none"> In few cases, figures, tables, and equations in the project report are accurate, consistent with the text, and of good quality. 	<ul style="list-style-type: none"> Figures, tables, and equations in the project report do not accurately refer to the text, and are of poor quality.
References Score <input type="text"/>	<ul style="list-style-type: none"> References are complete and formatted consistently. 	<ul style="list-style-type: none"> With some minor exceptions, references are complete but is not formatted consistently. 	<ul style="list-style-type: none"> References are not complete. 	<ul style="list-style-type: none"> No references or most references that are included are inaccurate.
