

Summer Research Experience and Extension for Undergraduate (REEU) Students

Florida International University's Agroecology Program is looking for 10 exceptional undergraduate students to participate in our USDA-NIFA funded Research and Extension Experiences for Undergraduates (REEU) Program.

NOW ACCEPTING APPLICATIONS

Join a dynamic research team to develop your research skills toward future career and graduate school food, agriculture and resources sciences and studies.

RESEARCH AREAS

This REEU program covers research and outreach activities relating to soil science, climate change, microbiology, climate control agriculture, horticulture, farm business & markets, Geographic Information Systems (GIS), and Remote Sensing. Professional development seminars, career development workshops, leadership skill training, and a poster presentation are also included.

8-week Summer Program: June 3rd to July 26th
up to \$2,500 stipend + up to \$2,500 towards housing, food, and transportation expenses for out-of-town students

ELIGIBILITY

Applicant must be a current undergraduate student at a U.S. University with a GPA of 3.0 or above. Applicant must be a U.S. citizen.

HOW TO APPLY

Complete your application using the Qualtrics Survey (https://fiu.qualtrics.com/jfe/form/SV_cln1yxHQsRrWsM6) scanning the QR code. For full consideration, applications must be submitted by March 8th, 2023. We will start reviewing applications on March 15th, 2023 and will accept applications until all positions are filled.
