

MVP Whitetails is a 210-acre ranch and whitetail deer breeding facility for top-industry whitetail genetics. We are located in **Kaufman, TX**, 45 minutes southeast of Dallas. Our operation focuses on premiere pedigrees and marketability of animals in the breeding industry as well as supplying ranches with stocker quality animals. Interns will learn about the whitetail deer breeding industry, as well as learn hands-on skills in deer herd health and animal husbandry. Interns will work alongside full-time staff and will be thoroughly trained. After completing their internship at MVP Whitetails an individual will be well-versed and educated in general and medical care of the deer, raising of deer, deer anatomy and husbandry, as well as overall management practices of whitetail deer in all aspects. **Duties to include but not limited to:**

- **Tagging and bottle raising whitetail fawns**
- **Feeding the adult herd**
- **Cleaning and maintaining barn and facility**
- **Assisting in weaning and vaccinating (Fall/Winter Interns Only)**
- **General ranch work**
- **Cleaning and maintaining the grounds (I.e. mowing/weed-eating/power-washing)**
- **Assisting in artificial insemination and embryo transfer programs (Fall/Winter Interns Only)**

The ideal candidate would have BASIC background in animal husbandry and/or specifically an interest in the whitetail deer industry. Working towards a degree in an animal husbandry related field is preferred but not required.
