

Dear Javelina Staff,

Are you curious how artificial intelligence (AI) can enhance your work at TAMUK? Join Dr. Rolando R. Garza and Oscar Villarreal as they showcase the power of AI tools, practical applications, and innovative strategies designed to elevate your work and daily tasks. Discover how AI can streamline processes, spark creativity, and open new possibilities for success at Texas A&M University-Kingsville!

Join us for the Human Chat Series Workshop, an interactive, hands-on session exploring how *ChatGPT and other AI tools* transform higher education.

Whether you're in academics, student services, or administration, this workshop will offer:

-  Real-world use cases to streamline your daily tasks
-  Live demos showing AI in action
-  Ethical insights for using AI responsibly

-  Practical tips you can apply immediately
