

## **2022 Dean's Award for Outstanding Teaching**

The College of Arts & Sciences recognizes teaching as the key element for achieving the strategic vision for the college. In support of this recognition, the College will annually present an award for a faculty member who has shown excellence in teaching and effective pedagogy for the 2021 calendar year. This includes activities that advance students to successful completion of their degrees and personal and professional growth.

A college awards committee will evaluate and rank all submitted applications. The Dean will make the final decision as to the recipient of the award. The award will be presented at an all-university event, and includes a \$1,000.00 stipend to be used in the 2022-2023 academic year. The stipend can be used for travel or to purchase equipment/supplies that will lead to external funding, publications or creative presentations.
