COURSE DESCRIPTION

This course is intended to provide an advanced graduate-level review of ethics and legal issues in counseling and related professions. This course is also intended to add to your current understanding and application of your particular code of ethics within your profession so as to address those areas not fully answered by your governing ethics rules.

This class will be taught as an online class with materials, assignments, announcements, and tests through blackboard. However, there will be online sessions during the course. Communication may also include your TAMUK email addresses. **Please use your TAMUK email addresses for all course correspondence!** Should you have any problems or concerns regarding assignments, exams, etc., please contact the instructor immediately at either my email address or the office number listed above.

This course has been deemed suitable by the Texas A&M University-Kingsville – Educational Leadership and Counseling - Counseling and Guidance Program for online (all-online) presentation. Since the instructor will provide all information online through Blackboard, the following interactive features will comprise the minimal online component.

- Student-to-student interaction through the use of discussion forums for posting of assignments with subsequent peer-review.
- Instructor-to-student interaction through public posting of assignments with subsequent instructor feedback.
- Blackboard Collaborate instructional videos on chapter material and instructional material in relation to the class.
- Wikis for student collaboration in the creation of assignments that can be monitored for participation by the instructor.

Other features of TAMUK's Blackboard Learning Management system, which may facilitate collaboration in the creation of assignments, will be made available in every online course module to students. These may include an open question-and-answer forum or video conferencing through Blackboard Collaborate.

REQUIREMENTS DURING THE COVID-19 PANDEMIC

In order to keep themselves and others safe and healthy during the pandemic, students attending class face-to-face are required to (1) wear face coverings over the nose and mouth and (2) scan the QR Code posted in the classroom/teaching location to log their attendance to assist in contact tracing, if needed. For information on the use of face coverings, see <https://www.tamuk.edu/return/facecoveringsfaq.html>.

For information on the Face Covering Policy, see:

<https://www.tamuk.edu/finance/hr/compliance/FaceCoverings.html>

Students are responsible for staying informed on the latest updates regarding the university's response to COVID-19 by checking their TAMUK email regularly and accessing information at <https://www.tamuk.edu/return/> and <https://www.tamuk.edu/coronavirus/>.

2. FACE COVERING POLICY

Face coverings must be worn on the Texas A&M-Kingsville campus inside all public buildings, including lobbies of buildings, restrooms, classrooms, hallways, and stairwells. Face coverings should also be worn in any outdoor space where 6 feet of physical distancing cannot be reliably maintained. Faculty working alone in their offices can remove their face covering.

For more information on the use of face coverings, please refer to

<https://www.tamuk.edu/return/facecoveringsfaq.html>.

2A. Classroom Policy Regarding Face Coverings

In the event of a student who does not wear a face covering in the classroom/teaching space, the instructor should first request the student to put on a face covering. If the student does not comply, the instructor can dismiss the student from the classroom for that class period. If the student refuses to leave, the instructor may immediately dismiss the class and continue the class period online. The instructor may elect to discuss the matter in private with the student later and follow-up with a memo to the Dean of Students (Kirsten Compary, Kirsten.Compary@tamuk.edu) documenting the incident, or the faculty member may make a written referral to the Dean of Student's Office reporting the student for disturbing the class by refusing to comply with the instructor's request. In both instances, documentation provided should include the name of student, student ID number, other contact information if known, class/section, date/time of the interaction, and a summary of the concern and the outcome. The Dean of Students or designee will inform the student, through their official university email address, of the face covering policy and that he/she may not return to the classroom without a face covering. Continued disregard for the policy will be handled through the university's Student Disciplinary Code of Conduct. Possible sanctions for a disciplinary violation of the Student Code of Conduct range from a warning to expulsion from the university. For information on the Face Covering Policy, see

<https://www.tamuk.edu/finance/hr/compliance/FaceCoverings.html>

2B. Face Shields

A faculty member may wear a face shield without a mask only during lecturing in the classroom, as long as appropriate social distance (6 feet) can also be maintained between the faculty member and the students. At all other times (when not lecturing), even if a face shield is used, a face mask must also be worn. For more information on the Face Covering Policy, see <https://www.tamuk.edu/finance/hr/compliance/FaceCoverings.html>

3. CONTACT TRACING

To assist with contact tracing in the event of a positive COVID-19 case on campus, each classroom/teaching space will have its unique QR Code which will be posted inside each classroom. When the faculty member and students enter the classroom for a face-to-face class, they all will scan the QR code using their phones. Most smart phones can scan a QR code from the phone camera or by downloading a free QR Code Reader app. After scanning the QR code, they will be prompted to enter their TAMUK email and password, then select "Yes" to the question "Present?" and then select Submit. The information (name, email, location, date, and time) will go directly to a database managed by the Enterprise Risk Management Office. Students who do not have a phone will have to log in from another device at the URL provided below the QR code and follow the same process.

4. RECORDING LIVE LECTURES

All live class lectures, as in face-to-face class meetings, must be recorded on Blackboard Collaborate. This will allow students access to the information, in the event that they miss class due to an excused absence. The recordings must be made available to the class in the Blackboard course site.

5. FLEXIBILITY REGARDING FACE TO FACE ATTENDANCE

It is possible that a student who is in a class requiring face-to-face meetings may request permission to attend the class virtually via Blackboard Collaborate. Granting such permission is at the discretion of the faculty member; however, given the precarious times, faculty are strongly encouraged to be flexible in their face-to-face class attendance requirements and allow the student, for example, to attend the class virtually at the regular class time. The faculty member should email the student of the decision of whether or not such permission is granted, for the faculty member's records and the student's documentation of the decision.

Technology Course Requirements (***Students Please Note*****)**

- When you submit your Paper Sections through the Blackboard Assignment Drop-Box please make sure they are in **Microsoft Word 97-2016** document format only please. **Do not use Apple Pages to submit your documents.**
- All assignments to be submitted electronically must be done using Windows software (Word, Excel, etc.). Students have free access to Microsoft Office 365 through the following link on JNET: <https://jnet.tamuk.edu/web/home-community/service-catalog>
- **You will need a Computer equipped with a webcam device and speakers for online communication for the use of Blackboard Collaborate.**
- Students must know how to access and collaborate through discussion board assignments.
- Make sure you are using your **TAMUK email** for all email correspondence and communications with the Instructor. **Please do not use your personal email (Hotmail, Yahoo, or Gmail account) for classroom correspondence.**
- Make sure you can log into Blackboard with your user ID and password. If you are experiencing problems logging into your TAMUK email or Blackboard please call ITech at (361) 593-4357 and place a helpdesk ticket in with them.

Technical Assistance.

Technical assistance for Blackboard or Blackboard Collaborate is available by the Distance Learning and Instructional Technology Department. Please call (361) 593-4357 to place in a ticket for them to assist you with Blackboard.

Please be sure that when you set up a ticket with ITech, you provide a good working number where you can be reached and provide a correct time when you will be able to answer their phone call when they call you.

Texas Education Agency (TEA) Standards

This course is designed to meet the following TEA Standards:

Standard I. Learner-Centered Knowledge: The certified school counselor has a broad knowledge base. The certified school counselor must know and understand:

- (2) counseling and consultation theories and practices;
- (5) changing societal trends, including demographic, economic, and technological tendencies, and their relevance to school counseling;
- (6) environmental, social, and cultural factors that affect learners' development and the relevance of those factors to guidance and counseling programs;
- (8) legal and ethical standards, practices, and issues;

Standard II. Learner-Centered Skills: The certified school counselor applies the knowledge base to promote the educational, personal, social, and career development of the learner.

The certified school counselor must:

- (2) provide a proactive, developmental guidance program based on the needs of students;
- (3) counsel individuals and small groups using appropriate counseling theories and techniques in response to students' needs;
- (4) consult with parents/guardians, teachers, administrators, and other individuals as appropriate to enhance their work with students;
- (5) coordinate resources for students within the school and community;
- (9) use counseling-related research techniques and practices to address student needs; and
- (10) advocate for a developmental guidance and counseling program that is responsive to all students.

Standard III. Learner-Centered Process: The certified school counselor participates in the development, monitoring, and evaluation of a developmental school guidance and counseling program that promotes learners' knowledge, skills, motivation, and personal growth. The certified school counselor must:

- collaborate with others in the school and community to implement a guidance curriculum that promotes learners' development in all domains, including cognitive, social, and emotional areas;
- (3) use both preventive and intervening strategies to address the concerns of learners and to help them clarify problems and situations, set goals, explore options, and implement change;
- (4) implement effective referral procedures to facilitate the use of special programs and services; and
- (5) act as a consultant and/or coordinator to help learners achieve success inside and outside of school.

Standard IV. Learner-Centered Equity and Excellence for All Learners: The certified school counselor promotes academic success for all learners by acknowledging, respecting, and responding to diversity while building on similarities that bond all people. The certified school counselor must:

- (1) understand learner differences, including those related to cultural background, gender, ethnicity, and learning styles, and know ways to create and maintain a positive school environment that is responsive to all learners;
- (2) advocate for a school environment in which diversity is acknowledged and respected, resulting in positive interactions across cultures; and
- (3) facilitate learning and achievement for all students, including special populations, by promoting a cooperative, inclusive, and purposeful learning environment.

Standard V. Learner-Centered Communications: The certified school counselor, an advocate for all students and the school, demonstrates effective professional and interpersonal communication skills. The certified school counselor must:

- (3) support responsive interventions by effectively communicating with parents/guardians, teachers, administrators, and community members;
- (4) facilitate learners' access to community resources;
- (5) develop and implement strategies for effective internal and external communications;
- (8) work effectively as a team member to promote positive change for individuals, groups, and the school community.

Standard VI. Learner-Centered Professional Development: The certified school counselor continues professional development, demonstrating a commitment to learn, to improve the profession, and to model professional ethics and personal integrity. The certified school counselor must:

- (2) use counseling-related research techniques and practices as well as technology and other resources to facilitate continued professional growth;
- (3) strive toward the highest level of professionalism by adhering to and modeling professional, ethical, and legal standards;

Program Student Learning Outcomes (PSLOS):

Social and Cultural Diversity: Program SLO2: Students will demonstrate multicultural awareness, knowledge, and skills necessary for competency in working with a diverse population (as it pertains to addictions).

Counseling and Helping Relationships:

Program SLO4: Counseling graduate students demonstrate knowledge and skills of theories and techniques necessary to engage in an effective and therapeutic helping relationship (as it pertains to additions).

COURSE REQUIREMENTS

Professionalism policy: All students should act in accordance with university policies and in accordance with the American Counseling Association 2014 Code of Ethics. [ACA Code of Ethics](#)) Students are to treat faculty and students with respect.

- By taking this online class, you are letting me know that you understand this is an online format.

Attendance Policy: This is an online class. Attendance is calculated through participation in assignments.

Late Assignment Policy:

- All submissions are due on the date specified. Extra time may be “purchased” at the rate of 10% off the perfect score per week after the assignment is due and bought at an additional 10% weekly up to three weeks. If the submission is late more than three weeks, the score will be zero. **All late submission must be turned in “complete” to the blackboard by the end of the semester in order to pass this course.**
- In the event of extenuating circumstances, a student may request an extension without penalty. Students must submit to the instructor a copy of the Request for Extension explaining the extenuating circumstance. Examples of acceptable requests include: A doctor note from a physician, a discharge summary from an emergency room or hospital, or a proof of a crisis.

Assignments

- **Syllabus Exam counts (100 points, 10% of the grade).**
- **Online Discussion Board counts (400 points, 40% of the grade).**
For four weeks, students will respond to a specific topic which I will post on Blackboard. The purpose of the Discussion Board (DB) is to reinforce and demonstrate your knowledge and comprehension of advanced graduate-level review of ethics and legal issues in counseling. Each student will provide a) a reaction to the topic and b) a response to other student’s reaction. The initial reaction will be at least five sentences, and the response will be at least three sentences per post. **Please refer to page 20 of the syllabus for due dates.** All postings will be expected to have complete sentences and follow grammar, style, and format guidelines. Let us demonstrate the graduate student quality work!
- **Mid-Term Annotated Bibliography counts (200 points, 20% of the grade).**
Please follow the “Annotated Bibliography” instructions and examples found in your BlackBoard menu to the left of your screen. It would take 12 to 15 hours to write a 6-7 pages mid-term research paper. Starting working on your annotated bibliography as soon as possible would be a wise choice.
- **Research-based Paper counts 300 points, 30% of the grade.**
 - A. You will write a research paper on a specific topic related to Professional Counseling Ethics and properly cite at least five scholarly references such as journal articles or your textbooks. (This will count 5 points of your paper.) **Students will incorporate material learned throughout the course to an ethical case study. You will have two case studies to choose from. The case studies will be distributed on 09/21/20 via Blackboard. Students should determine a course of action to be taken in response to the ethical dilemma and incorporate the following:**
 - Ethical principles underlying the dilemma
 - Value systems of the client and counselor (the student)
 - A decision-making model (students should justify their reasoning for choosing this model)

- Citation of appropriate professional standards and guidelines
- Consideration of the cultural context of the client and counselor
- Other action steps or considerations as discussed throughout the course
- Citation of at least five references (journal articles) and bibliography

B. You will write a 6-8 double-spaced pages paper (10 points) and demonstrate your critical thinking ability on the ethical issue.

This does NOT include your cover page and references.

C. This will be strictly APA 7th edition format, including (a) running head, (b) page number, (c) title page, (d) references page, (e) Times New Roman font "12", (f) free from mechanical, structural, grammatical, and spelling errors. Please review the links on your blackboard:

- APA 7th Edition Guidelines.doc
- APA 7th Format Template.docx

D. In the last paragraph of your paper, address "My Feedback to the Instructor" (This will count 5 points of your paper.) Please deliberate your feedback to your course instructor.

Grading

Final grades in this course will be based in the following manner:

A = 90% - 100%; 900 – 1000 points

B = 80% - 89%; 800 – 899 points

C = 70% - 79%; 700 – 799 points

F = 69% or Below 699 points and below

EVALUATION AND GRADING POLICY: (VERY IMPORTANT TO NOTE)

The final grade for the course will be based on the course activities and the assignment evaluation (see above and the following chart).

No grade of an "I" (Incomplete) will be given in EDCG 5322 unless under the most extreme and unusual circumstances. However, even under these circumstances I's in EDCG 5322 are not allowed.

If the grade of an "I" is necessary, it will be the student's responsibility to meet with the instructor (in person) and fill out the Contract for the grade of "I" form and submit that to the Department Chair's Office for signature. **No emailed contracts for the grade of an "I" will be accepted...you need to come to my office in person to do this and schedule a meeting with your faculty advisor to let them know what you are going to be doing.**

The Registrar's Office will post the grade of an "I" once the student collects all the appropriate signatures. Then, the student will forward the form to the registrar's office for grade processing. The student must provide a copy of your I contract form to all designated parties involved per the instructions on the form. Failure to follow this procedure correctly will result in the designated grade for the course that the student earns.

Incomplete grades, represented by "I" must be completed on the date the student places on the Grade of an I contract form. Failure to complete all assignments before the due date on the contract for the grade of I form will result in the grade of F for the class. Remember that the instructor will need time to look over the completed work and complete a change of grade form so students must get their work completed weeks before the date placed on the contract form.

Incompletes in this class are discouraged as assignments may be difficult to make-up. Should the need arise please contact the instructor. It is the **student's responsibility** to note drop dates and drop the class if the student feels they cannot complete all the required assignments on time.

DO NOT EXPECT THE INSTRUCTOR TO DROP YOU FROM THE CLASS, THIS IS A DECISION YOU WILL NEED TO MAKE YOURSELF SINCE YOU ARE INCHARGE OF YOUR OWN LEARNING.

BE SURE THAT IF YOU ARE GOING TO RECEIVE A GRADE OF I THAT YOU CHECK WITH THE FINANCIAL AID OFFICE TO SEE HOW THIS WILL AFFECT YOUR FINANCIAL AID YOUR RECEIVING.

PLEASE NOTE THAT OBTAINING A GRADE OF AN I WILL MEAN THAT YOUR COURSE INSTRUCTOR WILL NEED TO PLACE YOUR LAST DATE OF ATTENDANCE AND IT NEEDS TO BE 60% OF THE SEMESTER (CHECK WITH THE FINANCIAL AID OFFICE FOR THE SPECIFIC DATE) SO THAT YOU ARE IN GOOD STANDING FOR FINANCIAL AID REASONS. IF YOUR ATTENDANCE IS NOT 60% THEN YOU WILL NEED TO FOLLOW UP WITH THE FINANCIAL AID OFFICE ON WHAT YOU WILL NEED TO DO.

IMPORTANT TURN-IT-IN INFORMATION

Students will be submitting all paper sections to Turn-It-In plagiarism program to properly complete EDCG 5322. All research project section percentages **together** must be below 10% of the similarity index.

CLASS POLICIES

It is important for students to attend all class chat meetings. Please make every effort to attend the online chat session and to arrive on time. The class policies detailed in the *Texas A&M University-Kingsville 2008-2010 Catalog* will be followed. For class attendance, the Catalog states:

“A vital part of every student's education is regular attendance of class meetings. Every faculty member is to keep a current attendance record on all students. Any absences tend to lower the quality of a student's work in a course, and frequent or persistent absences may preclude a passing grade or cause a student to be dropped from one or more courses upon the request of a faculty member to the Provost and Vice President for Academic Affairs.”

Course Policies:

1. Attendance: Students are expected to participate in all the scheduled Face-to-face class meetings and on-line chat discussions. Failure to participate in the scheduled discussions will be considered as an absence from class and will result in a deduction of points from the total points available for the on-line discussion/participation component of the course.
2. Excused Absences: Students must contact Dr. Villarreal through e-mail (Blackboard Email) prior to any absences in the face-to-face class or online chat session for the absence to be excused.

Please Note:

The U.S. Department of Education requires institutions of higher education to identify students who have never attended or stopped attending class before census date or during the semester. This will be noted on the official class rosters for each term or semester.

CELL PHONES AND PAGERS: Students should turn off their cell phones and pagers before face-to-face or online class begins or keep them on vibrate mode until the end of class.

UNIVERSITY POLICIES

DISABILITY STATEMENT

(See pages 2 & 11 of the Student Handbook):

Students with disabilities, including learning disabilities who wish to request accommodations in class, should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator. Services for Students with Disabilities (SSD) are available to support student-learning needs through the Life Services and Wellness office at the Student Health Center (593-3991).

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disability. If you believe you have a disability requiring class accommodations, please contact the Disability Resource Center (DRC) as early as possible in the term. The DRC is in the Life Service and Wellness building at 1210 Retama Drive, or call (361) 593-3024.

ACADEMIC MISCONDUCT

(See page 23, section 100 of the Student Handbook):

Academic honesty is the foundation of the Texas A&M University-Kingsville University Community. Cheating, plagiarism, or other acts of academic dishonesty comprise the integrity of the academic process and the community. Students claiming another's work as their own, cheating on an examination, or other infringement will be subject to actions as stated in the *2010-2012 Texas A&M University-Kingsville Graduate Catalog*, any student's work submitted, which contains the work of another that is not acknowledged (in other words, copying someone else's work and claiming it as your own) will at the very least receive an F for that assignment. Do not copy another student's work. Each student is responsible for her/his own work, ideas, and words. You are to practice academic honesty in every aspect of this course and all other courses that you may be currently taking. Students engaging in academic misconduct are subject to university disciplinary procedures (**Refer to your Student Handbook for more information on this topic**).

Forms of academic dishonesty:

- 1) **Cheating**: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
- 2) **Academic misconduct**: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.
- 3) **Fabrication**: use of invented or falsified research.
- 4) **Plagiarism**: unacknowledged quotation and/or paraphrase of someone else's words, ideas, or data as one's own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one's own work also constitutes plagiarism. If academic misconduct is discovered it will be dealt with in the severest manner allowed by the university.
- 5) **Lying**: Deliberate falsification with the intent to deceive in written or verbal form as it applies to an academic submission.
- 6) **Bribery**: Providing, offering or taking rewards in exchange for a grade, an assignment, or the aid of academic dishonesty.
- 7) **Threat**: An attempt to intimidate a student, staff or faculty member for the purpose of receiving an unearned grade or in an effort to prevent reporting of an Honor Code violation.
- 8) **Turn-It-In Plagiarism Detection Service**: please be aware that the University subscribes to the Turn-It-In Plagiarism Detection Service. Your paper may be submitted to this service at the discretion of the instructor.

OTHER FORMS OF ACADEMIC MISCONDUCT:

- 1) Failure to follow published departmental guidelines, professor's syllabi, and other posted academic policies in place for the orderly and efficient instruction of classes, including laboratories, and use of academic resources or equipment.
- 2) Unauthorized possession of examinations, reserved library materials, laboratory materials or other course related materials.
- 3) Failure to follow the instructor or proctor's test-taking instructions, including but not limited to not setting aside notes, books or study guides while the test is in progress, failing to sit in designated locations and/or leaving the classroom/ test site without permission during a test.

- 4) Prevention of the convening, continuation or orderly conduct of any class, lab or class activity. Engaging in conduct that interferes with or disrupts university teaching, research or class activities such as making loud and distracting noises, repeatedly answering cell phones/text messaging or allowing pagers to beep, exhibiting erratic or irrational behavior, persisting in speaking without being recognized, repeatedly leaving and entering the classroom or test site without authorization, and making physical threats or verbal insults to the faculty member, or other students and staff.
- 5) Falsification of student transcript or other academic records; or unauthorized access to academic computer records.
- 6) Nondisclosure or misrepresentation in filling out applications or other university records.
- 7) Any action which may be deemed as unprofessional or inappropriate in the professional community of the discipline being studied.

PLAGIARISM

An informal compilation by Deepak Keshavamurthy for Dr. Larry Peel

Plagiarism is defined as “a piece of writing that has been copied from someone else and is presented as being your own work” [1] and by the Honor Council as “the act of passing off as one’s own ideas or writings of another.” In the Appendix to the Honor Council called “Acknowledging the Work of Others,” three simple conventions are presented for when you must provide a reference [2]:

1. If you use someone else’s ideas, you should cite the source.
2. If the way in which you are using the source is unclear, make it clear.
3. If you received specific help from someone in writing the paper, acknowledge it.

The Laws of Plagiarism [3].

- A. Copyright Law
- B. Trademark and Unfair Competition Law
- C. Fraud
- D. Status about sale of term papers, etc.

Types of Plagiarism:

- Complete Plagiarism: This is the most obvious case: A work written by someone else.
- Near-Complete Plagiarism: A student may also take portions of another text and use them in his or her own work.
- Patchwork Plagiarism: In many cases, a student will lift ideas, phrases, sentences, and paragraphs from a variety of sources and “stitch” them together into an essay.
- Lazy Plagiarism: Inadvertent use of another’s language, usually when the student fails to distinguish between direct quotes and general observations when taking notes.
- Self-Plagiarism: The use of an essay written for one course to satisfy the requirements of another course is plagiarism. Students should not use, adapt, or update an essay written for another purpose [4].

Avoiding Plagiarism:

To avoid plagiarism, all students must document sources properly using Footnotes, Endnotes, or Parenthetical References, and must write a Bibliography, References, or Works Cited page and place it at the end of the research paper to list the sources used. Of the three ways to document sources (Footnotes, Endnotes, or Parenthetical References), the simplest is using Parenthetical References, sometimes referred to as Parenthetical Documentation or Parenthetical Citations [5].

NONACADEMIC MISCONDUCT

(See page 23, section 100 of the Student Handbook):

See page 23 of Student Handbook for the policies that protect the rights of teachers to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor’s ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An

individual engaging in such disruptive behavior may be subject to disciplinary action. The Dean of Students under nonacademic procedures will adjudicate such incidents of student behavior.

SEXUAL MISCONDUCT

(See page 23, section 202 of the Student Handbook):

Sexual harassment of students and employees at Texas A&M University-Kingsville is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action.

SIX-DROP POLICY

The following provision (new in Fall 2007) does not apply to students with Texas public college or university credits prior to Fall 2007. The Texas legislature has enacted a limit to the number of course drops allowed to a student without penalty. After a student, has dropped six courses, a grade of QF will normally be recorded for each subsequent drop. If you need additional information on Senate Bill 1231 and how it affects you, please contact the Registrar’s Office in College Hall, Room 105.

TITLE 9/DISCRIMINATION AND HARASSMENT

Texas A&M University-Kingsville does not tolerate discrimination on the basis of race, color, religion, national origin, age, disability, genetic information, gender, gender identity or sexual orientation (or any other illegal basis) and will investigate all complaints that indicate sexual harassment, harassment, or discrimination may have occurred. Sexual harassment and sexual assault are types of sex discrimination. Such sexual misconduct is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action. A person who believes he/she has been the victim of sexual misconduct harassment, harassment, or discrimination may pursue either the informal or the formal complaint resolution procedure. A complaint may be initially made to the Office of Compliance at (361) 593-4758, complainant’s immediate supervisor, a department head, a supervisory employee, or the Dean of Students at (361)-593-3606 or the Office of Compliance at (361) 593-4758. Regardless of who the complaint is filed with, the Compliance Office will be notified of the complaint so it can be investigated.

Any pregnant students, or students planning to become pregnant, should consult their health care provider to determine what, if any, additional precautions are needed, based on their individual situation. It is the responsibility of the student to communicate their needs to the faculty member or Office of Compliance as soon as possible in order for risk-reduction to begin when it can be most effective and to determine if additional modifications are necessary. While the university cannot mandate that the student notify it that she is pregnant or is planning to become pregnant, the university strongly recommends that students do provide notification, so appropriate steps can be taken to ensure the health of both parent and child. To communicate health circumstances or to request additional information, please contact Karen Royal, Director of Compliance at (361) 593-4758 or karen.royal@tamuk.edu.

This article addressed *****

Critique the three quotations of your reference. (5 points) (Please cite each quotation and critique each quotation.)

Further, explain why each quotation stands out to you in the consideration of ethical issues.)

- “How does the profession respond to individual counselors who refuse to work with LGB clients on religious grounds?”

The above quotation stood out to me because based on the ACA Code of Ethics A.4.b. Personal Values, “Counselors are aware of—and avoid imposing—their own values, attitudes, beliefs, and behaviors”, it is unethical that counselors reject clients based on personal religious belief. Additionally,

- “The ACA Code of Ethics (ACA, 2014) is clear that counselor educators and counselors-in-training are held to the same standards as practitioners”

This quotation stood out to me because I am required to be familiar with and follow the ACA Code of Ethics as the licensed professional even though I am still a student practitioner. I realized that

- “Demonstrate commitment to multicultural/diversity competence by recognizing and valuing the diverse culture and types of abilities that students bring to the training experience.”

This quotation stood out to me because

DB REACTION RUBRIC (Appendix A)

Superior (90-100% of the assigned points): 27-30 points with no case conceptualization OR 9-10 points if a case conceptualization (20 points) is required; a minimum of 10 sentences per reaction

- Discussion contributions are submitted according to the specifications of the assignments and are posted by the due date.
- Language is clear, concise, and easy to understand. Uses terminology appropriately, is logically organized, and adapts APA format.
- Discussion contributions provide evidence that the learner has read the assigned readings thoroughly and has considered a sampling of colleagues’ postings by synthesizing key comments and ideas when applicable.

Sufficient (80-89% of the assigned points): 24-26 points with no case conceptualization OR 8 points if a case conceptualization (20 points) is required; a minimum of 10 sentences per reaction

- Discussion contributions are not posted by the due date and/or are not submitted according to the specifications of the assignments.
- Discussion contributions are adequately written, but some content may be inaccurate. Discussion contributions demonstrate some depth of understanding of the issues and show that the learner/trainee has absorbed general principles and ideas presented in the course, although viewpoints and interpretations are not always thoroughly supported.
- Discussion contributions provide evidence that the learner/trainee has considered at least some colleagues' postings and synthesized key comments and ideas when applicable, but it appears as though all postings have not been reviewed.

Minimal (70-79% of the assigned points): 21-23 points with no case conceptualization OR 7 points if a case conceptualization (20 points) is required; a minimum of 10 sentences per reaction

- Discussion contributions are not posted by the due date and/or are not submitted according to the specifications of the assignments.
- Discussion contributions are not adequately written and/or APA format is not used.
- Discussion contributions do little to enhance the quality of interaction and rarely include questions or comments that stimulate critical thinking and learning.
- Discussion contributions demonstrate a minimal understanding of concepts presented, tend to address peripheral issues, and are somewhat accurate but with some omissions and/or errors. Key principles are not integrated into the response, or if key principles are presented, there is no evidence the learner/trainee understood the core ideas.
- Discussion contributions do not provide evidence that the learner/trainee has read course learning materials and postings do not incorporate key comments and ideas presented by colleagues.

Inadequate (60-69% of the assigned points): 18-20 points with no case conceptualization OR 6 points if a case conceptualization (20 points) is required

No credit will be awarded if some or all of the following conditions apply:

- Discussion contributions are posted over three weeks late and/or do not address the requirements of the discussion prompts.
- Discussion contributions contain only nine sentences or less than nine sentences.
- Discussion contributions are poorly written, terms are used incorrectly; APA format is not used.
- Discussion contributions do not contribute to the quality of interaction and do not include questions or comments that stimulate critical thinking and learning.
- Discussion contributions do not demonstrate an understanding of the concepts presented in the course, do not address relevant issues, and/or are inaccurate.
- Discussion contributions do not provide evidence that the learner/trainee has read course learning materials and/or considered colleagues' postings.

DB RESPONSE RUBRIC

(Appendix B)

Superior (9-10 points; a minimum of three sentences per post; a minimum of two peer responses)

- Responses are submitted according to the specifications of the assignments and are posted by the due date.
- Responses significantly enhance the quality of peer interactions (e.g., illustrate a point with personal/professional examples demonstrating application of principles from readings, suggest new perspectives on an issue, and pose thought-provoking questions), provide constructive feedback to colleagues, and raise opposing viewpoints in a polite manner.

- Responses contribute to the quality of interaction (e.g., illustrate a point with personal/professional examples, suggest new perspectives on an issue, pose relevant questions), provide constructive feedback to colleagues, and raise opposing viewpoints in a polite manner but response is not well developed or integrated.

Sufficient (8 points; a minimum of three sentences per post; a minimum of two peer responses)

- Responses are not posted by the due date and/or are not submitted according to the specifications of the assignments.
- Responses are adequately written, but the content does not adequately address peer posts or does not promote peer interactions (e.g., not adequately respond to peer reactions), provide criticism instead of constructive feedback to colleagues, and raise opposing viewpoints in an impolite manner.

Minimal (7 points; a minimum of three sentences per post; a minimum of two peer responses)

- Responses are not posted by the due date and/or are not submitted according to the specifications of the assignments.
- Responses are not adequately written and/or APA format is not used.
- Responses degrade peer sharing, disrespect peer interactions, or raise opposing viewpoints in an offensive manner.

Inadequate (6 Points)

No credit will be awarded if some or all of the following conditions apply:

- Responses are posted over three weeks late and/or do not address the requirements of the discussion prompts.
- A response contains only two sentences or less than two sentences.
- Do not respond to a minimum of two peers.
- Responses are poorly written, terms are used incorrectly; and/or APA format is not used.
- Responses negatively affect the quality of peer interactions or professionalism.
