

Addendum-ESAs during COVID-19

In addition to the Texas A&M University-Kingsville ESA Guidelines that the student will sign and submit to the University Housing & Residence Life Office and registering with the Disability Resource Center, in the event that an owner is quarantined due to COVID-19, the ESA must be removed from campus until such time as the owner is able to care for it independently again. If the student is unable to contact someone to come and remove the animal, the listed emergency contact(s) will be notified to come to campus and retrieve the ESA. In the event that the emergency contact is unable or unwilling to care for the ESA, the student must arrange for boarding, until they are able to independently care for the ESA. All expenses accrued during the boarding will be the responsibility of the ESA owner.
