II. Approval of Minutes from February 2019 Faculty Senate Meeting.

President Janzen asked for approval of the previous meeting minutes. Senator Glick motioned, Senator Fiestas seconded. Minutes were approved.

III. Presentations
   a. Provost Rasmussen

   The Provost reported that there will be a change in the due date for Summer grades. This is due to a Department of Education audit of the Financial Aid department. Instead of being due at noon, the new deadline time will be 9am.

   He also reported that President Hussey has started meeting with individual departments. All meetings will be 45 minutes in length (10 min Dr. Hussey, 10min dept. report, 25 min Q&A). He has already met with the Animal Sciences department and has remaining departments scheduled as follows: March 21 Education, March 26th Agronomy, March 27th Engineering, and March 29th Arts & Sciences.

IV. Report of Officers
   a. Senate President Elizabeth Janzen

   President Janzen recently attended the Texas Council of Faculty Senates meeting. Topics of discussion included general faculty support (travel, etc.) and President Janzen confirmed that TAMUK is underfunded. Summer salary was also discussed with an informal vote to pursue this topic. There was a show of hands to see at what percentage summer salaries are funded with 1/10th, 1/11th and 1/12th being the most common, and President Janzen raised her hand to tell them that TAMUK is at 1/15th. There was also an ongoing conversation about non-tenure track faculty. She reported to the Senate that our newly created policy committee is looking into professional/ longer term contracts (specifically for adjuncts). The last topic from this meeting she reported on concerns the MyEvive health questionnaire. Starting Fall 2018 in order to receive your insurance premium incentive, members are required to have a wellness exam and answer a health assessment questionnaire through the MyEvive portal https://myevive.com/dv2/signin?clientname=Tamus. College Station feels that some of the questions are invasive, so they created a document expressing those concerns that was signed by all System Faculty Senate/Council
Presidents. Senator Knight asked if the questionnaire could be a HIPPA violation, and President Janzen said she would check with Karen Royal.

President Janzen also had news about the Faculty Reinvestment Award. (See handout titled Faculty Reinvestment Award.) President Hussey has agreed to do a pilot year for this that will give out 3 awards. The deadline to submit the required documentation to Dr. Jaya Goswami is close of business on Friday April 12, 2019.

A compensation committee has been created that will review all compensation issues. Committee membership includes Senators Knight, Fiestas, and Verma, President Janzen, College of Engineering Dean Alam, College of Arts & Sciences Dean Guerrero, and the Provost. They are schedule to have their first meeting the week after spring break.

One of the specific issues the committee will be reviewing is going to a 3/3 teaching load. President Hussey has ask Chancellor Hallmark about making this change. Chancellor Hallmark noted that most regional universities are 4/4 with the exception of TAMU-CC. Both Hussey and Hallmark will support a 3/3, but it will cost money or may result in larger class sizes. Merit raises will also be involved in this discussion. Please solicit feedback from your departmental colleagues on this issue.

Lastly President Janzen asked President Hussey what his philosophy of the Faculty Handbook is. He responded that it is more than guidelines, that it is a set of helpful rules, instructions, etc. He asked Dr. Goswami to make sure that nothing in the current handbook conflicts with System policies.

V. Old Business

a. Abstentions

Through a prior survey overseen by Senator Anouro faculty expressed their concern about the use of abstentions in continuation/promotion and tenure decisions. President Tallant also was not in favor of having abstentions as an option and wanted it removed. President Janzen wanted to understand the current feelings of faculty on this issue before making any changes to the Faculty Handbook. In the February meeting President Janzen asked all Senators to solicit feedback from their colleagues on the following statement

“What is the assessment of faculty at TAMUK regarding the appropriateness and/or necessity of the option to abstain in Continuation and Tenure/Promotion committee votes at our university?”

A 12 minute time limit was established for discussion in the Senate on this topic. Concerns brought up during discussion focused on wanting to make sure that all faculty and upper administration understand that an abstention does not constitute a vote of no, contrary to what many faculty members on C/P&T committees have been explicitly told by full professors, chairs or deans in departments. The point was made that removing the option to abstain goes against parliamentary procedure which is used worldwide. Could alternate wording such as “present, not voting” be used to record votes instead of abstain. At the end of the allotted time, consensus was reached to keep abstentions as an option but have a better definition of what it means and to make sure that this
information is included in the Faculty Handbook. It was also agreed that on documentation for C/P&T only yes/no votes would be reported. These items will be included on the change list for the handbook next year.

b. **Academic Calendar: Student's rights for religious observance**  
(See handout titled Greater Transparency of Student Rights to Religious Observance)

Senator Sherris re-read his motion, and the motion was seconded by Senator Glick allowing time for discussion. Senator Sherris stated that he had taken the motion to the Student Government Association and they are interested in pursuing it, but no further movement has been indicated on the part of SGA. It was asked if the President and Provost have been notified of this and President Janzen said she would present it to them the following day in her meeting with them.

Senator Glick motioned to close discussion and the motion was seconded by Senator Worek. A vote was taken and the motion was approved.

VI. **Standing Committee Reports**

a. **Resolution and By-laws/Handbook Committee** – no report

b. **Committee on Committees** – no report

c. **Election Committee**

i. Emails have been sent to the Department Chairs who need to hold elections. Ballots are scheduled to be collected March 6th or 7th, with two departments waiting to hold elections immediately after spring break.

VII. **Special Item**

a. **Proposed Constitutional Amendment:**

   i. **Faculty Senate Absentee Policy**
   
   (See handouts titled FacSen TenMotion-Meyer-Original and FacSen TenMotion-Meyer-amended)

   Senator Meyer read the motion, and the motion was seconded by Senator Worek allowing time for discussion. Discussion included mentions that the proposed amendment takes the power from the department and gives it to the Executive Committee & Faculty Senate; is there a way to allow reasons beyond faculty control (classes or sickness) to be excused; where is the voice from colleagues if a Senator is not in attendance; Graduate Council uses stand in’s; do other Senates do by proxy, one Senator stated they support part A, but not parts B & C of the proposed amendment.

   There was then a motion to amend the motion. A vote was taken to amend the original motion, and it was passed that the original motion would be amended.

   The amended motion was read, and a vote was taken to approve the amended proposed constitutional amendment. The amended proposed constitutional amendment Faculty Senate Absentee Policy was approved.

   The amendment will need to be voted on a second time by the full Senate in the April 2019 meeting.
Quorum was lost at 5:04pm

**TOTAL:**
Greater Transparency of Student Rights to Religious Observance

**Motion:**
The following be placed at the top of each TAMUK academic calendar:

“An institution of higher education shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day*, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable amount of time after the absence” (Texas Education Code, Section 51.911).

* Texas uses the following: A “religious holy day” is defined as one observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

**Discussion points if motion is seconded:**

--In my conversations with students, they were unaware of their rights in this area.

--This was particularly true of international students I talked with.

--When these same students were asked if they knew where and how to access our TAMUK academic calendar, they said they did.

--When asked about any student handbooks, most didn’t; therefore, I think it best to include in the academic calendar, at the very top.

--As far as how to determine what is a “religious holy day,” Texas uses the following: A “religious holy day” is defined as one observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

**CURRENT:**

*Dead Week and Study Day*

To support the learning environment, the University will adhere to a four school-day period of student study before the first scheduled final examinations each long semester. During this time, no required quizzes, tests or examinations (except make-up tests and/or final examinations for graduating seniors) shall be administered. The latter does not preclude the introduction of new material in classes or the administering of laboratory final examinations, nor does it create an implication that class attendance is not expected during this period. The day before final examinations are scheduled to begin will be designated as a study day. No classes will be held on this day to allow preparation time for students and faculty. Scheduling of other University events or functions that involve students is discouraged and should be limited during this period.
