

## CRSM\* GRANT PROJECT TSI TESTING

Dear Student,

**FREE TSIA testing is available for TAMU-K students.** Testing sessions will now be held in Robert Cousins Hall, 925 W Santa Gertrudis, Room 100. **Valid picture ID** is required at the time of testing.

You must take any sections of the TSIA that you are lacking to register for classes.

### Steps to sign up for FREE TSIA testing:

1. **Complete the [Pre-Assessment Activity \(PAA\)](#).** This is a **mandatory requirement for all test takers**. It only takes 20 minutes. You will receive an email of completion when you finish. Please complete this **BEFORE you register** or we cannot confirm your testing reservation.

*NOTE: You only need to complete the Pre-Assessment Activity **once**; the certificate information is good whether you are registering for one test, three tests or a retest.*

2. **After** you complete the Pre-Assessment Activity above, **[REGISTER HERE](#)** for a date and time to take the TSIA section you need. If you have questions, contact the TSI Testing Center at [testing@tamuk.edu](mailto:testing@tamuk.edu) or (361) 593-3286.

*NOTE: You will take only one TSIA section per testing session.*

3. To prepare for your testing session, here are some [sample questions](#) and a free, web-based [TSI Study App](#), which will help you to become familiar with the style and content of questions in the TSI Assessment. The study app has practice tests and can be accessed from a computer, tablet, or Smartphone.
4. **Bring your valid picture ID and show up** for your testing session!
